| Status P2 | Poster # 0612 | Presenting Author Name | Title A Block Group Level Child Opportunity Index for the Boston Metropolitan Area | Primary Category Health Disparities |
|--------------|---------------------|---|--|--|
| P2 | 0612 | Hongseok Kim | A block droup ever clina upportunity intex for the boston were roportal Atea. A cautionary note about assessing heterogeneity over outcome scores in randomized trials. | Methods/Statistics |
| P2 | 0693 | Samantha Friedrichsen | A comparison of logistic regression variable selection methods in tobacco quit rate modeling: Stepwise vs enter | Methods/Statistics |
| P2 | 0542 | Brandon Diessner | A Comparison of Risk Factors for Metastasis at Diagnosis in Humans and Dogs with Osteosarcoma | Cancer |
| P1 | 0322 | Stephen Liu | A latent class analysis of drug and substance use patterns among patients treated in emergency departments for suspected drug overdose | Substance Use |
| P1 P1 | 0010 0182 | Yun-Cheng Chen Laura Sampson | A long term effect for incidence of sepsis with amiodipine use in Taiwan A machine learning approach to predicting indiend edpression in | Alternative Medicine Mental Health |
| P3 | 1021 | Bryan D. James | A mediane tearining approach to predicting inclusin expression. A Medicare claims-based frailty phenotype is associated with cognitive decline in community-based older adults. | Aging |
| P2 | 0669 | Precious Esie | A Multilevel Analysis of the Effect of Normativity on the Association Between Intimate Partner Violence and Depression in Rural Bangladesh | Mental Health |
| P2 | 054 Latebre | | A Simplified Scoring Tool to Assess Need for Pharmacologic Treatment in Neonatal Abstinence Syndrome (NAS) | Substance Use |
| P2 | 0694 | Sheng-Hsuan Lin | A simulation based approach to causal mediation analysis with ordered multiple mediators and non-linear outcome – investigating the vulnerable time window of HBV activity for the mechanism of HCV induced hepatocellular carcinoma | Methods/Statistics |
| P1 | 0073 | Victoria Flisco | A Survey Examining Diabetes Risk-Based Screening by Health Care Providers in Guam | Diabetes |
| P1 P1 | 0330 016 Latebre | Janene Brown ker Brice Batomen | A systematic evaluation of epidemiology of consequence, 2013 – 2018 A systematic evaluation of epidemiology of consequence, 2013 – 2018 Systematic Review of the Use of Propensity Scores in Cardiovascular Literature | Translational & Implementation Science Cardiovascular |
| P1 | 0235 | Wei-Ting Lin | A systematic review of the Ose of repetitivity scribes in Calculovascular Literature Abnormal metabolic components classificated individual habitual behaviors – a nationwide adolescent study in Taiwan | Nutrition/Obesity |
| P1 | 022 Latebre | | Acquired Hearing Loss and Depression among Adults residing in Brazil: a National Level Study | Global Health |
| P2 | 0690 | Lindsay J Collin | Adaptive Validation Design: a Bayesian approach for ongoing data collection to optimize data quality and resource allocation | Methods/Statistics |
| P1 | 0290 | Karen Schliep | Adiposity and endometriosis severity and typology | Reproductive |
| P2 | 0722 | Lin Xu David Bann | Adiposity and mortality in Chinese: an 11-year follow-up of the Guangzhou Biobank Cohort Study | Nutrition/Obesity |
| P2 P2 | 0601 0724 | Snehal M Pinto Pereira | Addlescents' physical activity: cross-national comparisons of levels, distributions and disparities across \$2 countries Adult obesity and mid-life physical functioning in two British british cohorts: investigating the mediating role of physical inactivity | Global Health Nutrition/Obesity |
| P3 | 1080 | Douglas Mejia | Adult obesity and min-me physical functioning in two british and controls, investigating the mediating to be of physical inactivity. Adverse Health Outcomes in Early Childhood (Birth's Speas) and Ambient Air Pollutant Exposures. A Systematic Review | Environment/Climate Change |
| P1 | 017 Latebre | | Adverse perceived neighborhood social environment is associated with increased severity of depressive symptoms: data from the Jackson Heart Study | Mental Health |
| P3 | 1171 | Shiho Kino | Age, period, cohort trends of suicide in Japan and Korea (1986-2015): A Tale of Two Countries | Mental Health |
| P1 | 0800 | Alexandra J. White | Air pollution and particulate matter composition in relation to epigenetic age | Environment/Climate Change |
| P1 | 0151 | Jesse D Berman | Air pollution exposure and the increased risk of violent behavior in the United States | Injuries/Violence |
| P1 P1 | 0150 0314 | Sarah Palumbo Collin Calvert | Alarming Trends in Deaths from Firearms among schookhildren Alcohol Law Enforcement Activities 9 K community Type | Injuries/Violence Substance Use |
| P2 | 0840 | Kathleen H. Reilly | Alcohol - related energency department visits and income inequality in New York City | Substance Use |
| P3 | 1112 | Melinda Power | Algorithmic Identification of Dementia for Use in Race/Ethnicity Disparities Research in the Nationally-Representative Health and Retirement Study | Health Disparities |
| P3 | 1083 | Wenyuan Li | Ambient Air Pollution and Objective Measures of Sleep Among Patients with Episodic Migraine | Environment/Climate Change |
| P2 | 0507 | Sarah Ackley | Amyloid Burden as a Predictor of Future Decline in Memory and Executive Function Measures | Aging |
| P3 | 1189 | Lan Wen | An alternative g-formula implementation for causal analyses in HIV Cohorts | Methods/Statistics |
| P2 P1 | 0682 0236 | Devon Boyne Carrie W. Mills | An Approach for Delineating the Causal Frameworks and Tools used in Epidemiologic Practice and Research An ecological study of the association and sociality varying relationship between externe obesity and mortality rates amone adults in the United States | Methods/Statistics Nutrition/Obesity |
| P2 | 0508 | Stella Aslibekvan | An ecological study of the association and separatiny raying including in a calcium in the control of the carbon in the carbon i | Aging |
| P1 | 0266 | Kathleen H. Krause | An Evaluation of Zika Birth Defects Surveillance: A model for rapid surveillance of birth defects during an emergency response — United States, 2018 | Perinatal & Pediatric |
| P3 | 1146 | Tosin Onasanya | An outbreak of cholera due to consumption of "Abacha" in Oshodi Isolo Lagos State – August 2018. | Infectious Disease |
| P1 | 0292 | Anne Marie Jukic | Analgesic use around the times of ovulation or implantation and fecundability | Reproductive |
| P1 P3 | 025 Latebre | ker Vijaya Kancherla | Analysis of Mortality among Neonates and Children with Spina Blifida, an International Registry-Based Study, 2001-2012 Analysis of the risk of avoidable hostilatilations by Individual and neighbor/horoloop cleen status in Canada | Perinatal & Description Perinatal & Peri |
| P3 | 0110 | Rlake Buchalter | Analysis of the risk or avoidable nospitulizations by individual- and neignodurmood-evel socioeconomic status in Lanada Application of a multifumensional runt index to determine the effect of runtility on county colorectal cancer unrotality | Health Disparities |
| P3 | 1142 | Carly A Rodriguez | Application of a multiumensorial train make 2 to determine the energy of the control of the cont | Infertious Disparties |
| P3 | 1184 | Elizabeth W Diemer | Application of the instrumental inequalities to a Mendelian randomization study with multiple proposed instruments | Methods/Statistics |
| P1 | 0048 | Lisa M. Moy | Applying an Operations Management Framework to the RIC Study Cancer Registry Linkage Process to Increase the Return on Investment | Cancer |
| P1 | 0020 | Jonathan Miller | Are low income children more physically active when they live in homes with bigger yards? A longitudinal analysis of the NET-Works Study. | Behavior |
| P3 | 086 Latebre | | Are Retail Workers More at Risk for Exposure to BPA?: Results from NHANES 2011-2012 | Occupational |
| P2 P3 | 0591 1304 | Yoonjeong Choi Pia M Mauro | Assessing causal associations between serum bilirubin levels and stroke risk. A two-sample Mendelian randomization study Assessing rug treatment need and use prior to policy change. Findings from three Latin American countries Assessing rug treatment need and use prior to policy change. Findings from three Latin American countries | Genetics Substance Use |
| P2 | 0645 | Joseph L Servadio | Assessing ung treatment need and use prior to pointy change. Fromings from one extant Annexa Countries Assessing the sensitivity of surveillance spatial resolution and scale for Visceral Leishmanistics cases in Brazil | Infectious Disease |
| P3 | 1180 | Alexander Breskin | Assessing the strength of exchangeability assumptions for internal and external validity | Methods/Statistics |
| P1 | 0319 | Mirinda Gormley | Assessment of Polysubstance Use during Opioid Use Disorder Treatment in the United States: A Systematic Review | Substance Use |
| P3 | 1244 | Fahad Mansuri | Association between Adverse Childhood Experiences (ACEs) and Headaches among Children Age 3-17 Years using the National Survey of Children's Health, 2016. | Perinatal & Pediatric |
| P2 | 0566 | YE JIN JEON | Association between Cardiovascular Health and Cognition: effect modification by serum Vitamin D level: the Cardiovascular and Metabolic Diseases Etiology Research Center (CMERC) Cohort | Cardiovascular |
| P2 P2 | 0602 059 Latebre | Md Jamal Uddin ker JacKetta R Cobbs | Association between cesarean delivery and early childhood diseases in Bangladesh: a population based study Association between Child's Obesix and of Materiane Perceitorion of Child's General Health. An Multi-Racial Cohort of Children | Global Health Perinatal & amp: Pediatric |
| P1 | 019 Latebre | | Association between ching 3 objectly and or makerinar reception of ching 3 denies in result. A mutur-hada control or ching 3 denies in makerinar reception of ching 3 denies in result. A mutur-hada control or ching 3 denies in makerinar reception of the properties of the second of t | Environment/Climate Change |
| P1 | 0342 | Harriet Richardson | Association between estrogens and self-reported hot flashes and vaginal dryness in postmenopaused women randomized to the MAP3 chemoprevention trial | Women's Health |
| P2 | 0571 | Sabrina Karim | Association Between Maternal Gestational Diabetes and Risk of Abnormal Blood Glucose in Children in Early Life. | Diabetes |
| P3 | 090 Latebre | | Association between Neighborhood Walkability and Diabetes: the New York University Women's Health Study | Diabetes |
| P2 | 0590 0043 | Guei Rung Chen | Association between VDR BSM I gene polymorphism and osteopenia among Asian elderly: A population-based case-control study | Genetics |
| P1 P1 | 0043 | Guillaume Onyeaghala Peter H Langlois | Association of absolute lymphocyte count and cancer incidence and mortality: the atherosclerosis risk in communities (ARIC) study Association of Demographic and Clinical Factors with the Pre-Zia Time Trend of Microscephaly in Teass, 1999-2014 | Cancer Perinatal & Pediatric |
| P3 | 1214 | Moira K. Differding | Association to Dening april. ain Cultical ractions with the Pre-Zina lime i return on microceptary in Leads, 1999-2014 Association of early introduction to sold foods with put microbiota abundance and overweight/obesity status at 5 years of age | Nutrition/Obesity |
| P3 | 1277 | Olga Basso | Association of fecundability risk factors with mother's age at participant's birth in a North American study of pregnancy planners | Reproductive |
| P3 | 1247 | Kerry S. Flannagan | Association of luteal phase deficiency with livebirth, pregnancy loss, and time to pregnancy | Perinatal & Pediatric |
| P3 | 093 Latebre | | Association of multiple proteinopathies, cognitive decline, and dementia in a community-based autopsy cohort | Neurology |
| P2 P1 | 0782 0312 | Helen Chin Rachel E. Gicquelais | Association of ovarian volume and estradiol concentrations during infancy Association of ovarian volume and estradiol concentrations during infancy Association of Overdose and injection Practices with Drug Use Psylogies: A Latent Class Analysis among People who Inject Drugs in Baltimore, 2017 | Reproductive |
| P1 P2 | 0312 | Nydjie P. Grimes | Association or Overdose and injection Practices with Drug Use. I polonigies: A Latent Class Analysis among People who inject Drugs in Baltimore, 2017 Association of reproductive factors with Anti-Millerian Informone levels. | Substance Use Women's Health |
| P2 | 0655 | Kriszta Farkas | Association of septicide lactors with requiremental nonlinear levels Association of septicide mental illness with legal intervention injury: A case-control study | Injuries/Violence |
| P2 | 0509 | Tien Vo | Association of Sleep-Disordered Breathing with Total Healthcare Costs and Utilization in Older Men: the Outcomes of Sleep Disorders in Older Men (MrOS Sleep) Study | Aging |
| P2 | 0604 | Yi Zheng | Associations between Cadmium and Taste and Smell Dysfunction among Adults in the 2011-2014 NHANES | Global Health |
| P2 | 0580 | Alison K. Krajewski | Associations between Cumulative Environmental Quality and Oral Cleft Birth Defects | Environment/Climate Change |
| P3 | 1064 | Stephanie DeFlorio-Barker | Associations between environmental quality and cardiovascular hospital admissions within the Medicare Population | Cardiovascular |
| P3 P1 | 1303 0071 | Neloufar Rahai Annemarie G. Hirsch | Associations between housing instability and opioid use characteristics among a sample of New York City emergency department patients, 2016–2017 Associations between individual and community factors and type 2 diabetes onset in Pennsylvania | Substance Use Diabetes |
| P2 | 0731 | Desta Fekedulegn | Associations between multiplication and community sectors and year a money police officers Associations between objective sleep measures and metabolic syndrome severity score among police officers | Occupational |
| P1 | 0185 | Ariel Beccia | Associations Between Perceived Everyday Discrimination and Binge Eating Among Hispanic/Latina Women: Results from the 2002-2003 National Latino and Asian American Study | Mental Health |
| P3 | 1242 | Danielle R Stevens | Associations between Pregnancy Intention and Maternal and Offspring Health: A 2012-2015 South Carolina PRAMS Analysis | Perinatal & Pediatric |
| P2 | 046 Latebre | | Associations between serum 25-hydroxyvitamin D levels and allergic sensitization in early childhood | Perinatal & Deciatric |
| P3 | 1174 | Tess A. Gilbert | Associations Between Tinnitus Severity and Mental Health among US Veterans who use Veterans Affairs (VA) Healthcare: A National Survey | Mental Health |
| P3 P2 | 1272 0560 | Craig McKinnon Dayna A. Johnson | Associations of depression, depressive symptoms, and psychotropic medication use with fecundability among men Associations of Insommia, Short Sleep and Selep Fragmentation with Hypertension among African-Americans: the Jackson Heart Sleep Study | Reproductive Cardiovascular |
| P2 P3 | 1090 | Dayna A. Johnson Tsegaselassie Workalemahu | Associations of Insomnia, Short Sleep and Sleep Fragmentation with Hypertension among African-Americans: the Jackson Heart Sleep Study Associations of Material Blood Pressure Polygenic Risk Score with Fetal Growth Care | Cardiovascular Genetics |
| P1 | 0081 | Catherine Bulka | Associations of material about result or vigillar has 2 out entire leaf ultivative Associations of Took Metal Blomarkers with Cytomegaloriurs in the US Population | Environment/Climate Change |
| P1 | 023 Latebre | | Asthma and depression among individuals residing in Brazil: a national level study | Global Health |
| P2 | 0672 | Sofija E. Zagarins | Athletic participation and self-identity are associated with improved mental health outcomes in undergraduate students | Mental Health |
| P1 P2 | 0293 | Clinton Hall | Atovaquone-proguanil exposure in pregnancy and risk for adverse fetal and infant outcomes | Reproductive |
