

2021 Virtual Workshop Registration Conference Rates

SER is committed to making our meeting available, especially at this time when epidemiology has such a critical role to play in the current crisis related to COVID-19 and renewed attention on the impacts of racism. We realize that many in our SER community have been financially impacted by COVID-19 and this might present an impediment to joining the SER Workshops. Therefore, Workshop registration fees have been discounted. Workshops will be held virtually on the scheduled date and time referenced in the program.
