6:30 - 7:30 pm

Title

Bridging the Immunization Gap: Insights into Vaccine Coverage Among Canada's Aging Population
Initiation of angiotensin II receptor blocker- versus angiotensin-converting enzyme inhibitor-based antihypertensi
Hypothetical interventions on loneliness and memory function among middle-aged and older adults in the US
Number of children and domain-specific cognitive function in middle aged and older adults living in the United Sta
Falls in the oldest old: prevalence, rate and change in rate over time in The 90+ Study
Survival Disparities among Alzheimer's Patients in Hawaii: Exploring Racial/Ethnic Disparities and Machine Learnin
Association between Social Participation Over Time and Cognitive Function
Effect of family caregiving on depression outcome among older European adults
Testosterone in relation to lifespan and fertility in men and women
Midlife lifestyle factors and healthy aging in a prospective cohort of women
Do New Therapies Improve Time to Diagnosis in Rare Diseases?
Pupillary Response as a Possible Brain Wave Analog in Children with ASD in Response to Stressful Stimulus
Time Series Analysis to Decode Children's Response to Stressful Social Stimuli
Identifying patterns of tobacco use and associated cardiovascular disease risk through machine learning analysis c
Estimating Heterogeneous Effects of Spousal Cardiovascular Event on Depression
The Sociome Data Commons: Pediatric asthma exacerbations on the South Side of Chicago, 2010 to 2019
Methods for Deployment of a Dynamic Ecological Momentary Digital Intervention (EMI) to Improve Uptake of a 3
Integrating Machine Learning in Pre-Fontan Hemodynamic Studies for Enhanced Cardiovascular Outcome Predicti
The Association of Oxaliplatin-Induced Peripheral Neuropathy, Sociodemographic, and Clinical Characteristics of C
Carcinogenic Air Pollutants and Breast Cancer Risk in the Arkansas Rural Community Health Study: A Nested Case-
Multimarkers of metabolic vulnerability and inflammation and risk for metabolic-associated liver cancer
Evaluation of dose-response between serum PFOA and testicular and kidney cancer
Association between physical activity and quality of life among gynecologic cancer survivors in North Carolina
Acculturation, fatigue, and stress in Hispanic/Latino colorectal cancer survivors
The Association Between Persistent Poverty and Pediatric Cancer Survival: An Analysis of SEER Data
Body Mass Index is Positively Associated with Overall Cancer Risk Among College Students in the United States: R
Community Cancer Incidence Evaluations Near Ethylene Oxide Sterilization Facilities
Tertiary prevention in leukemia patients: a literature review
Rural-Urban Differences In Timing of Medicaid Enrollment Among Cancer Patients: An Analysis of SEER-Medicaid
Parental employment in bitumen-related industries in relation to childhood cancer risk
Differences in accelerometer-based measures of physical activity by history of cancer
Utilization of Healthcare in Children Born to Lymphoma Survivors in Sweden
The Prospective Association between Endometriosis and Colorectal Cancer in the Sister Study
Association Between COVID-19 and Cardiovascular Disease Across Income Levels: Analysis of BRFSS Annual Survey
Chronotype, rotating night shift work, and cardiovascular disease risk in U.S. women: a prospective cohort study
Risk of Heart failure in Patients With Rheumatoid arthritis: A Systematic Review and Meta-analysis of Cohort Stud
Transformative Impact: Evaluating Cardiovascular Health through Mississippi's Chronic Disease Quality Improvem
Prevalence of Cardiovascular-Kidney-Metabolic Syndrome in the United States: National Health and Nutrition Exa
The Metabolic Vulnerability Index as predictor of Major Cardiovascular Adverse Events in the ELSA-Brasil Cohort
Outcomes of Real-world Adults with Chronic Kidney Disease Who Are Excluded from Hypertension Clinical Trials
Confounding or bias amplification? Clues for the researcher seeking causal inference.
The Ethics of Causal Claims
Assessment of unmeasured confounding in the association between perceived discrimination and mental health i

The problem of interpretational errors in epidemiology
Single World Intervention Graphs (SWIGs): A Practical Guide
Mediation analysis with time-varying mediators and time-to-event outcomes accounting for competing risks
Assessing the contribution of obesity to trends in diabetes across U.S. birth cohorts using a causal decomposition
Are you positive? Outcome-dependent positivity violations in small populations: an example study of substance use
The Relationship Between Housing Types and the Risk of COVID-19 Infection in a University Student Population: A
Assessment of Inaugural COVID-19 Vaccine Allocation Among Critical Populations in Nebraska
Determinant of covid-19 vaccination coverage and post-vaccination adverse effects among at-risk people in DRC
Examining the Effects of Physical Environment and Social Structural Factors on Racial Disparities in COVID-19 Morbidity
Changes in psychological disease incidence patterns during the COVID-19 pandemic: A study using the nationwide
Folic Acid Fortification and COVID-19 Incidence and Mortality: An International Study
Application of the Actor-Partner Interdependence Model to Quantify Teen-Parent COVID-19 Vaccine Decision-Making
Racial and ethnic differences in the associations between COVID-19 stigma and mental health in a population-based
The role of housing infrastructure in facilitating SARS-CoV-2 infection in the carceral environment, California State
The Prevalence and Gender Differences of Unhealthy Drinking During the COVID-19 Pandemic: Insights from a Longitudinal
Individual feedback on behavioral risk assessments did not change future risk behaviors during the COVID-19 pandemic
Methodological approaches for addressing medication usage in studying exposure to volatile organic compounds
Spatial analysis of healthcare access and diabetes in Pennsylvania
Social Determinants of Health and Their Association with Self-Reported Diabetes and Prediabetes Among Adults Aged 18-64
Urinary polycyclic aromatic hydrocarbon metabolites and their association with oxidative stress among pregnant women
Associations between neighborhood green space, quality of life, and perceived sleep satisfaction during the COVID-19 pandemic
Swimmers are at higher risk of gastrointestinal illness when human-associated genetic markers of human fecal coliforms are present
Ambient temperature during susceptible windows of spermatogenesis and impact on hCG+ pregnancy in an inferential
The rise of unconventional natural gas development and the fall of coal-fired power plants: Associations with pediatric
Characterizing Health-Related Quality of Life Risk Factors in the Fernald Community Cohort
Association between noise pollution exposure and incident breast cancer in the Sister Study
Modifying factors and temporal trends of adverse health effects of short-term exposure to PM2.5 in Canada (2003-2014)
Foodborne disease outbreaks caused by ciguatera and scombroid toxin — Foodborne Disease Outbreak Surveillance System
Associations between historical redlining and climate-related exposures in the Texas Flood Registry
Neighborhood pollution burden associated with newborn's accelerated biological aging in MADRES, a predominant
Association Between Artificial Light at Night and Blood Pressure Among Ghanaian Adults
Sensitive childhood window of long-term exposure to air pollution on adult bronchitic symptoms
Air pollution and hypertensive disorders of pregnancy: do omega-3 fatty acids modify the association?
Telomere length and all- and specific-cause mortality among U.S. adults and the role of age and race/ethnicity
Duration of effectiveness of preventive treatment for tuberculosis: an individual-participant meta-analysis of 34 countries
Initiation of bedaquiline-containing regimens and risk of treatment failure among persons on treatment for multidrug-resistant tuberculosis
Maternal Mental health and cognitive abilities in children of the MAASHTI cohort in urban India
Mortality following substance use disorder treatment: population-based record-linkage retrospective cohort design
Impact of Vacant Lots on Adolescent Neighborhood Perceptions and Mental Well-being
Association of Discrimination in Medical Settings and Preeclampsia among Pregnant Women in All of Us Study
Investigating Practice-Level Surgery Tendency: Racial/Ethnic Differences among Premenopausal Hysterectomy Patients
Revisiting the theory of "deaths of despair": a causes of cases and causes of incidence approach
Does Health Care Access Mediate the association between Material Deprivation and Contraceptive Non-use in Female
Unveiling Disparities: Examining Differential item functioning's Impact on Racial Health Equity Among White and Black
Racial and ethnic disparities in sleep health – evidence from the United States (US) Behavioral Risk Factor Surveillance System
The association between total social exposure and incident multimorbidity
Exploring clinically meaningful change in health-related quality of life and heart problems in a Black population: A

Contextualizing racial/ethnic disparities in obstetric anal sphincter injury in the United States

Risk factors underlying racial/ethnic disparities in tuberculosis diagnosis and treatment outcomes, 2011-2019: a r

Housing instability is associated with decreased viral suppression among people with HIV in the United States

Impact of health seeking behavior on Pulmonary TB care in Raipur District of Chhattisgarh province India: Commu

Negative external experiences increase risk for suicide attempt in transgender adults

Inequities in youth mortality in the rural United States: The role of firearms

Sociocultural stressors and asthma among adults in the Hispanic Community Health Study / Study of Latinos (HCH

Racial and Ethnic Disparities in Mental Health Service Utilization during COVID-19

Characteristics of new residents of assisted living facilities: a case-control study

Impact of South African child support grant on child health: longitudinal evidence from 2008-2017

Approaches for complex data organization to facilitate implementation and effectiveness research on health pron

Alcohol outlet density and adolescent drinking behaviors in Thailand, 2007–2017: A spatiotemporal mixed model

Pre-exposure prophylaxis (PrEP) indicators by race/ethnicity among persons who inject drugs (PWID) receiving CD

Modeling the Mediating Effects of Multidimensional HIV-related Stigma on Antiretroviral Therapy Adherence and

Characterizing the HIV care continuum among children and adolescents (<18 years old) with HIV in Eastern and So

We Built This City: Changes to metropolitan TB patterns during the COVID-19 pandemic

Assessing the Emerging Trend of Lassa Fever in Liberia (2016-2022)

Severity of Respiratory Illness and Influenza-Associated Hospital Admissions in Kenya — January–May 2023

Antimicrobial Resistant Nontyphoidal Salmonella Infections Among the US Pediatric Population: 2004-2021 Secon

Prevalence of TB-related Symptoms and Self-reported Disability Among Adults Post-TB Treatment in Kampala, Ug;

Is a COVID-19 booster dose still helpful? Association between the COVID-19 vaccine and risk of COVID-19 hospital

Coccidioidomycosis hospital visits in Texas, 2011-2021

Impact of the COVID-19 pandemic on incarceration and tuberculosis notification rates among individuals who are

Determinants of Hepatitis C Virus Treatment Completion Among Los Angeles County Residents Diagnosed Betwee

Mediation Analysis for Calcium, Vitamin-D, and COVID-19 Severity

In-season evaluation of influenza forecasts during the 2023-2024 US influenza season

Estimating the generation time for influenza transmission using household data in the United States

Genome wide association analysis in Asian cohorts reveal key variants for spontaneous seroclearance of hepatitis

Factor structure and concurrent validity of the severity of violence against women scale in zambia and south afric

Losing sleep? The effects of exposure to gun violence near one’s residence on self-reported sleep quantity in Chic

Robb Elementary School Shooting and Mental Health Outcomes Among US Adults: An Interrupted Time Series Stu

Leveraging Legal Epidemiology for Suicide Prevention Research: An Interdisciplinary Approach to Systematically A

Demographic and Crash Characteristics Influencing the Place of Death in Pedestrian Fatalities

“I wish that they understood that if a woman is being held hostage by money, she is being held hostage physically

Association between pro-suicide website searches through Google and suicide death in the United States from 20

Exploring the relationship between adolescent tobacco use and mental health: national youth tobacco survey

Cumulative bone lead and firearm use associated with suicidal ideation and depression in Veterans.

Longitudinal association between short leukocyte telomere length and mental health during the COVID-19 pande

Common mental disorder improvement after a 6-week talk-therapy intervention among people with HIV on meth

Gender matters for thriving: preserving young people’s mental health despite poor family support

Metabolomic profiles of depression in Parkinson’s disease patients

Longitudinal association of homocysteine with depressive and anxiety symptoms among urban adults: Healthy Ag

A Descriptive Epidemiological Study on Mental Health Service Utilization in African Immigrant Students Enrolled ir

Ecological momentary assessment of posttraumatic stress disorder symptoms and sleep quality among patients o

The power of mixtures

Comparison of machine learning, Bayesian spatiotemporal model, and substitution approaches to estimate cause-

Revisiting the modifiable areal unit problem in the era of exposome-wide association studies: Assessing the perfor

Application of a data fusion design to improve incidence estimates of etiology-specific diarrheal disease using hybrid methods

Evaluating methods for high-dimensional mediation in metabolomics data

A graphical user interface tool to facilitate assessment of bias from differential pre-baseline selection

Do you think you're better off alone? Causal inference with imbalanced dependence between exposure groups

A joint analysis of simultaneous epidemics of dengue, chikungunya, and Zika in Colombia using a Poisson-multinomial model

Visualizations for non-inferiority trial simulations with applications in quantile regression

Dynamic Updating Strategies in Assessing Hospital Performance: A State-wide Assessment of Observed-to-Expected Ratios

Simultaneous Ranking and Clustering of Small Areas based on Health Outcomes

Impact Of Marijuana Legalization on Alcohol Consumption and Alcohol Use Disorder: Substitution, Complementary, or Additive Effects?

The effect of herpes zoster vaccination on the occurrence of deaths due to dementia in England and Wales

Risk of Dementia in Patients with Adulthood Atopic dermatitis: A Systematic Review and Meta-analysis of Cohort Studies

Cumulative Burden of Depression and Domain-Specific Cognitive Impairment in the Women's Interagency HIV Study

Association of soft drinks consumption and modifiable health behavior in a Brazilian nationally representative school-based population

Adolescent dietary patterns and risk of chronic liver disease mortality and incident liver cancer: A prospective cohort study

Racial-ethnic Disparities in Obesity and Mortality among Older Adults (Aged ≥ 50 Years) in the U.S. (1998-2020)

Comparing anthropometric measures from the Cancer Prevention Study II Nutrition Cohort

Gender differences in the Association Between Diagnosed Status of Metabolic Dysfunction-Associated Steatotic Liver Disease and Cardiovascular Risk

Drivers of Annual Covid-19 Vaccine Uptake among NYC Transit Workers

Workforce reductions may harm the health of those who remain at work

Associations between U.S. high school student employment status during the COVID-19 pandemic and mental health outcomes

Quantifying cumulative exposure to circadian disruption based on lifetime shift work information and biological clock modeling

Immigrant-Specific Policies and Programs and Maternal, Perinatal, and Paediatric Outcomes: A Scoping Review

Latino children's physical fitness varies by place of birth and sex: Findings from New York City public school students

Obstetric Care Facility Closures and Healthcare Provider Experiences — Fall DocStyles Survey, United States, 2023

Determinants of short interpregnancy intervals

Postpartum Hemorrhage Trajectories in the United States Military Health System, 2013–2021

Maternal and paternal characteristics: associations with adverse birth outcomes in Chile 1992-2020

Development of a Pregnancy Cohort in Commercial Insurance Claims Data: Evaluation of Inpatient Versus Apparent Outcomes

Monitoring postpartum mood changes using a mobile phone-based app: MOMitor™

Exploring what drives the association between maternal depression prior to pregnancy and preterm birth

The Validity of Diagnostic Codes for Severe Maternal Morbidity from Electronic Medical Record Data

The association of various degree of hyperglycemia in pregnancy with future risk of diabetes among women with gestational diabetes

Early-life living environment, parental mental health, gender differences and allergic diseases among children and adolescents

Can we use classification and regression trees to compare cesarean delivery rates across populations?

Prenatal characteristics and factors contributing to congenital syphilis: a descriptive analysis of cases reported to the Centers for Disease Control and Prevention

Maternal residential mobility between pregnancies: a California statewide sibling study

ASSOCIATION OF MATERNAL DIABETES WITH EPILEPSY IN CHILDREN: A POPULATION-BASED BIRTH COHORT STUDY

Does lifetime racial discrimination modify the impact of prenatal depression on risk of preterm birth among non-Hispanic Black women?

State patterns in maternal deaths due to disparity, 2018-2021

Association of polygenic score of birthweight-reducing maternal variants with fetal growth and the influence of polygenic scores

Who do we leave out when we exclude discordant birth certificate records?

Antiseizure medications use and the incidence of Parkinson's disease: A retrospective cohort study in Manitoba, Canada

Sodium-Glucose Cotransporter 2 (SGLT2) Inhibitor Initiation and Pancreatic Cancer Prognosis

Adherence Differences Between Infusible and Injectable Biologics Among Patients with Rheumatoid Arthritis During the COVID-19 Pandemic

Antihypertensive target trial emulation for dementia prevention: combining US electronic health records with well-being data

The Mediation Effect of Social Support on the Relationship Between Psychological Distress and Gratitude, Life Satisfaction, and Well-Being

Joint Effect of Maternal Smoking Patterns during Pregnancy and Pre-Pregnancy BMI on Infant Birth Outcomes

Reproductive Health Services at a Regional Health System

Preconception folic-acid containing supplement use and associated factors in the Birth Defects Study To Evaluate

Current breastfeeding and blood lead concentrations in U.S. premenopausal individuals: Results from NHANES 2011

Subjective sleep health and menstrual cycle characteristics in a North American prospective cohort study

A Novel, Non-Arbitrary Determination of Amenable Deaths - Exemplified for Chronic Obstructive Pulmonary Disease

Depression is purple, but unmet need for treatment is red

Desirable properties of public health communication tools on ambient air quality from multi-pollutants for better i

Disparities in Colorectal Cancer Screening Among U.S. Immigrants: The Impact of Time in the U.S. and Socioeconomic

Historical state compulsory schooling laws and pandemic-era mortality: A quasi-experimental study

Adverse Childhood Experiences and Utilization of Preventive Healthcare among Children in Rural Communities in t

Food and housing instability drive low sexual relationship power with heterosexual intimate partners among wom

The Association Between Area-Level Gun Violence and Child and Adolescent General Health Status Across the Uni

Expansion of 4-year colleges in the United States associated with lower later-life blood pressure with similar relati

Learning from the Unexpected: Drivers of Life Expectancy in Urban Areas of the United States

Assessing the Measurement Properties of Neighborhood Environment Scales in Rural Alabama

Education and Midlife Cognitive Functioning: Evidence from the High School and Beyond Cohort

Reductions in household poverty and neighborhood moves: a randomized trial of cash transfers to low-income ne

State policy climate and mental distress among working-age US adults during the COVID-19 pandemic: A longitudi

Staggered interventions with no control groups

Validation of a 24-hour timing grid to assess weekday and weekend sleep in the Cancer Prevention Study-3

Differences in Prevalence of Current Cigarette and E-Cigarette Use Among Monoracial, Biracial, and Multiracial As

Prevalence and harms associated with injecting in public spaces: a systematic review and meta-analysis

Adulterants in Unregulated Opioids and Associations with Specific Adverse Events

Exploring linkages between injecting-related interpersonal dynamics and high-risk injecting behaviors in dyads of i

Effect of partial nicotine reduction on young e-cigarette users in the US: a cross-over clinical trial

Social determinants of blunt use among youth in the US: National Youth Tobacco Survey 2022

Effect of the survey mode on drug use reports: results of a mixed method for data collection during the COVID-19

Trends in births diagnosed with Neonatal Abstinence Syndrome during the COVID-19 pandemic in the US- A time-

Sexual orientation disparities in perinatal tobacco use

Impact of the adoption of smoke-free policies in Indonesia on tobacco use: A difference-in-differences approach

Development of a national index of county-level access to opioid use disorder care and its performance using 201

The role of depression on the association between preventative cancer screening and use of marijuana: results fr

Examining the illicit use of prescription painkillers among Canadian university students

Neighborhood Disadvantage and Vaccine Preventable Diseases in Dogs

Oral contraceptives and uterine fibroid development in a prospective ultrasound study of Black and African Ameri

Health system barriers and facilitators to accessing non-barrier contraceptives among women sex workers in Vanc

A conceptual model for understanding how caste-based discrimination may underlie disparities of medical steriliz

Association of Prenatal Smoking and Low Birth Weight: A Comprehensive Analysis of Colorado PRAMS Data

The Impact of Pre-Pregnancy Obesity on the Relationship between COVID-19 Infection and Preeclampsia and Ecl

Evaluation of the Maternal Death Surveillance and Response (MDSR) System in the Kigoma Region, Tanzania

Healthy People 2030: Examining Progress and Disparities in Women's and Girls' Health

Preexisting Anemia Prevalence and Association with Severe Maternal Morbidity Indicators During Inpatient Hospi
