

Poster Number	Title	Presenting Author	Primary Category
OAS900	A novel machine learning approach to identify neighborhood-level social phenotypes	Madeline Brooks	Social
P218	A Novel Two-Step Framework for Estimating Dynamic Treatment Effects Using Longitudinal Covariate Information and Outcome Follow-up	Io Murayama	Causal Inference
P22	A Positive Outlook and the Aging Mind: Optimism and Cognitive Function in Older Women	Hayami Koga	Aging
P757	A prospective preconception cohort study of the association between miscarriage history and fecundability in Kenyan women trying to conceive	Hanna Shephard	Perinatal & Pediatric
P644	A Unified Multi-State Approach for Investigating the Dynamics of Chronic and Infectious Diseases	Ming Ding	Methods/Statistics
P996	Access, continuity, and comprehensiveness of primary care and their impact on the successful induction of opioid agonist treatment among patients with opioid use disorder	Imen Farhat	Substance Use
P537	Accounting for individual-level social contact heterogeneity in transmission modeling	Kayoko Shioda	Infectious Disease
P595	Acculturation, Social Support, and Mental Health among Latinos in New York City	John Wetmore	Mental Health
P953	Achieving recruitment and retention successes in a community-engaged randomized clinical trial: lessons from The Misoprostol-Only Regimen Evidence (MORE) Study pilot	Katherine Key	Study Design
P323	Air Pollution, Incident Stroke, and Mortality in the REasons for Geographic and Racial Differences in Stroke Physical Activity Ancillary Study	Yingyan Wu	Environment/Climate Change
P632	Analysis of Complex Mixtures Using Flexible Bayesian Quantile-Based G-Computation	Maria Kamenetsky	Methods/Statistics
P1040	Applying WHO Prognostic Blood Loss Clinic Markers in a US-based Pregnancy Cohort	Nelson Barba	Women's Health
P371	Are Wastewater Treatment Plants Representative of Off-Sewer Communities?	Edem Fiatsonu	Global Health
P432	Assessing mediation of sexual orientation disparities in miscarriage by age at pregnancy	Payal Chakraborty	Health Disparities
P64	Assessing oral health status and disparities among LGBTQ+ older adults in the United States	Amanda J Llaneza	Aging
P336	Association between early life traffic-related exposures and subsequent childhood asthma development in the Tennessee Medicaid population: A retrospective cohort study	Akihiro Shiroshita	Environment/Climate Change
P69	Association between gait speed and incident dementia among those aged 90 and older: findings from LifeAfter90 Study	Rifat Alam	Aging
P820	Association Between Residential Proximity to Carceral Facilities and Asthma ED Visits in California	Beier Li	Policing/Incarceration
P972	Association between social determinants of health and substance use disorder among reproductive-aged women	Ishu Karki	Substance Use
P520	Association of Chronic Diseases with Herpes Zoster in China: A Nationwide Population-based Survey	Wenhui Zhu	Infectious Disease
P37	Association of heavy vs moderate alcohol use in early or middle adulthood with mid- and late-life memory: a pooled-cohort analysis	Peter T. Buto	Aging
P896	Association of Neighborhood Social Environment and Psychological Wellbeing in the Health and Retirement Study: Moderation by Personality Traits	Sana A. Khan	Social
P332	Association of PFAS Exposure with Prevalent Prediabetes or Diabetes among Adults in the United States: Effect Modification by Physical Activity and Dietary Fiber Intake	Jennifer Arzu	Environment/Climate Change
P677	Associations between a summary Measure of Social Determinants of Health/Health Equity and Subjective Cognitive Decline Status among Mississippi Adults	Vincent.L.Mendy	Neurology
P325	Associations Between Ambient Exposure to Styrene, Benzene, Toluene, Ethylbenzene, and Xylenes and Hospitalizations in the US Gulf Region	Yongsoo Choi	Environment/Climate Change
P206	Associations between heart rate variability from wearable devices and cardiovascular risk factors	Yi-Hsuan Wu	Cardiovascular
P283	Associations Between Mental Health and Type 2 Diabetes Among Adolescents and Young Adults: The PAPAYA Study	Cindy J Huang	Diabetes
P403	Associations between the Social Determinants of Health and Preterm Birth in the Diverse Hispanic Community Health Study/Study of Latinos (HCHS/SOL)	Faizah Alshehri	Health Disparities
P361	Associations of hematological traits-related polygenic risk scores with liver function	Kyeezu Kim	Genetics
P678	Associations of Interleukin-6 and Interleukin-18 with Incident Epilepsy in Older Adults: Results from the Atherosclerosis Risk in Communities (ARIC) Study	Derartu Ahmed	Neurology
P319	Associations of Neighborhood Built Environment Typologies and Mental Health in Children: Longitudinal Results from the All Our Families Cohort	Tona Pitt	Environment/Climate Change
P645	Beyond per-capita rates: Urban scaling of female firearm homicides in the United States	Roni Barak Ventura	Methods/Statistics
P636	Bias analysis adjustment for time-to-event outcomes	Richard MacLehose	Methods/Statistics
P11	Can Social Network Characteristics Predict Cognitive Resilience among Older Adults: Insights from the Framingham Heart Study	Tianyu Liu	Aging
P579	Cannabis Use Disorder and Postpartum Serious Mental Disorders: Trends and Associations Among Delivering Women in California, 2016-2021	Tosin Oyetunji	Mental Health
P1010	Causal Decision Modules in the EHR: Bedside Care in Acute Decompensated Heart Failure	Ishan Suthar	Translational & Implementation Sci
P340	Community Health Impacts of the Tijuana River Pollution Crisis: Results from the Healthy Water Healthy Air Study Baseline Community Health Survey	Yu Ni	Environment/Climate Change
P759	Community Influenza Activity During Pregnancy and Cerebral Palsy in Offspring	Cole King	Perinatal & Pediatric
P810	Comparative effectiveness of oral antihypertensives initiation during pregnancy in a California Medicaid population, 2016-2020.	Catherine Psaras	Pharmacoepidemiology
P884	Comparative Performance of Metabolic Risk Indices for Predicting MASLD in Adolescents: Evidence from the Ewha Birth and Growth Study	Hyeseung Jang	Screening
P625	Comparing methods for linking neighborhood-level estimates to longitudinal data from the Breast Cancer Surveillance Consortium (BCSC)	Erin J Aiello Bowles	Methods/Statistics
P158	Comparison of area and volumetric radiologically assessed body composition metrics with survival among colorectal cancer patients in the ColoCare Study	Stephanie R. Hogue	Cancer
P643	Considerations for synthetic control generation in difference-in-differences via Gaussian process: A use-case	Hayden Smith	Methods/Statistics
P691	Consumption of antioxidant-rich foods attenuates respiratory and cardiovascular health effects in a population highly exposed to air pollution	Adeladza Kofi Amegah	Nutrition/Obesity
P772	Continuation of ACE inhibitor dispensing into the first trimester and risk of non-live birth and major congenital malformations: a target trial emulation using US claims data	Jeremy Brown	Perinatal & Pediatric
P1048	Correlates of iron deficiency in non-pregnant women of reproductive age 15-49 years, NHANES 2021-2023	Mollie Killion	Women's Health
OAS420	Cost-Constrained Dynamic Interventions for Health Equity	Cuong	Health Disparities
P348	Country-level associations of climate related disasters and anxiety disorder	Anna Krasnova	Environment/Climate Change
P570	COVID Mental Health And Soul Study (CMAS Study)- Baseline Data	Thomas V. Joshua PhD	Mental Health
P248	Covid-19 Survival Analysis in elderly patients, Rio de Janeiro Brazil	Renan MVR Almeida	COVID-19 Pandemic
P419	Credit deserts and depression in the U.S.: neighborhood credit scores, rurality, and mental health in a large national sample	Catherine Ettman	Health Disparities
P254	Demographic characteristics associated with SARS-CoV-2 antibody trajectories, February 2021 to January 2023	Ashley Judge	COVID-19 Pandemic

P40	Determinants of homecare use in old age: A meta-analysis of quantitative studies	Afshin Vafaei	Aging
P62	Developing A Claims-Based Algorithm for Estimating State- and Local-level Dementia Prevalence	Ruijia Chen	Aging
P763	Development of an Intervention to Reduce Risk for PTSD Following Birth Trauma	Katherine Bowers	Perinatal & Pediatric
P784	Diet quality components and arterial stiffness in children: evidence from a birth cohort	Xuanxuan Zhu	Perinatal & Pediatric
P25	Differences in Global Cognition by Marijuana Use in Older Adults Participating in the Health and Retirement Study	Nikhil Mullapudi	Aging
P436	Differences in initial clinical prescription of antidepressant medications among sexual minority and heterosexual populations with major depressive disorder	Frank M. Wolf	Health Disparities
P406	Disparities in hospital length of stay among inpatient surgical patients by sex, race, ethnicity, and language spoken	Bridget Lally	Health Disparities
P815	Dispensations of prescription pain medications and opioids during the first year postpartum among TRICARE beneficiaries, 2013-2022	Celeste Romano	Pharmacoepidemiology
P151	Duration of depressive symptoms prior to a cancer diagnosis and post-cancer memory function and decline	Ashly C. Westrick	Cancer
P280	Early post-screening diabetes care and 10-year risk of hemodialysis initiation: a target trial emulation	Kiyomitsu Fukaguchi	Diabetes
P962	Educational Attainment and Prenatal Substance Use Cessation: A National Analysis of PRAMS Data, 2016-2021	Rylie Fode	Substance Use
P970	Effect of State-Wide Alcohol Ban in Bihar, India on Suicides: A Synthetic Difference-in-Difference Analysis	Siddhesh Zadey	Substance Use
P205	Eleven-year counterfactual risk of cardiovascular hospitalization under hypothetical sustained reductions in post-traumatic stress disorder symptom severity: the WTC-Hear	Sean Andrew MacAllister	Cardiovascular
P397	Empirical support for a mechanism-driven approach to categorizing Multiracial participants in depression disparities research	Sarah Forthal	Health Disparities
P726	Enrollment Outcomes in a Tobacco Cessation Trial for World Trade Center Responders	Alexandra Mueller	Occupational
P59	Estimated effects of recent alcohol use on memory in the Health and Retirement Study: using marginal structural models to account for time-varying confounding and censoring	Scott C. Zimmerman	Aging
P36	Estimating dementia risk: leveraging electronic health records among study participants lost to follow-up	Joseph Oliver Fong	Aging
P998	Estimating the effect of initiating medication for opioid use disorder (OUD; MOUD) on overdose risk among people with HIV and OUD in Baltimore, Maryland, 2019-2025: a	Michael H. Chiu	Substance Use
P221	Evaluating the effects of New Jersey's extreme risk protection order law on firearm violence among men and women	Aayush Chitransh	Causal Inference
P181	Evaluating the Impact of Mechanical CPR in OHCA Patients in a Large Urban EMS System	Madeline Cannon	Cardiovascular
P169	Evaluation of Colorectal Cancer Screening of Minority Populations at Community Safety Net Clinics: A Retrospective Chart Review	Willie Rajvong	Cancer
P117	Evaluation of Research Credibility in Alzheimer's Disease: A Comparative Analysis of Amyloid and Tau	Sarah Ackley	Big Data/Machine Learning/AI
P743	Exploring Effects of PM2.5 and Neighborhood Stress on Inflammation in Pregnancy	Teresa Janevic	Perinatal & Pediatric
P593	Extreme heat, mental health conditions, and readmission after heart failure hospitalization among Medicare beneficiaries with type 2 diabetes	Christine L Gray	Mental Health
P510	Forecasting Human West Nile Virus Incidence Using Mosquito Pool Infection Data in High-Risk Land Use Categories	Jordan Robinson	Infectious Disease
P502	Generalizability of machine-learned antibiotic treatment rules for children with watery diarrhea in low-resource settings	Allison Olmsted	Infectious Disease
P491	Going the Distance: HIV Testing Site Access is a Determinant of Both New HIV Diagnoses and Late Presentation in Tennessee	Jesse J. Carlson	HIV / STI
P941	GPS-Derived Mobility Profiles and Neighborhood Context Among Transwomen of Color in New York City: The TURNNT Cohort Study	Giselle A. Barreto	Structural
P952	Guiding Principles for Returning Results to Participants in the Connect for Cancer Prevention Study	Marie-Joseph Horner	Study Design
P215	Handling Missing Data in Cluster Randomized Trials: A Comparison of Multiple Imputation and Two-Stage TMLE	Joy Zora Nakato	Causal Inference
P412	Has Accessibility to Healthcare Institutions for People with Disabilities Improved? A Comparative Study of All 213 Healthcare Facilities in Jongno District, Seoul (2003–2025)	Jaechan Yoon	Health Disparities
P20	Health-Related Quality of Life Association with Chronic Disease Burden in Missouri	Sueny Paloma Lima dos Santos	Aging
P485	Hidden Over Time: Rising "No Risk Reported" in State HIV Surveillance and Its Treatment in CDC Data	Cindy Tran	HIV / STI
P320	Higher exposure to environmental toxicants during pregnancy is associated with preterm hypertensive disorders of pregnancy in a prospective cohort of Black women.	Gary Joseph	Environment/Climate Change
P911	Historicizing instrumental variables: Insights from an IV for racial segregation	Mark Hernandez	Social
P516	HIV and the detectability of within-host minor variants in Mycobacterium tuberculosis whole-genome sequencing data	Marie Nancy Séraphin	Infectious Disease
P1037	Hospital costs of severe maternal morbidity across race/ethnicity and insurance status: a national serial cross-sectional study	Amelia Srajer	Women's Health
P641	Illusions of Equity: When Real-World Data Sources Blur the True Benefits of Structural Interventions	Jerzy Eisenberg-Guyot	Methods/Statistics
P803	Impact of Phenobarbital-Based Regimens on Clinical Outcomes in Critically Ill Patients with Alcohol Withdrawal Syndrome: A Propensity Score-Matched Cohort Study	Zeeshan Rizwan	Pharmacoepidemiology
P1012	Implementation of the Community Health Worker Medi-Cal benefit across California: Barriers and facilitators of early adoption	Yessica Martinez Mulet	Translational & Implementation Sci
P439	Implementing teledentistry in rural and underserved communities: A review of barriers, facilitators, and implementation outcomes	Edmond Kubi Appiah	Health Disparities
P525	Increases in blastomycosis incidence in humans and dogs by ecoregion in Minnesota, 1999-2023	Vanessa M. Slack	Infectious Disease
P977	Integrating Telehealth into Syringe Service Programs to Improve HIV Prevention Among People Who Use Drugs	Jessica Beetch	Substance Use
P363	Integration of functional genomics in variant-to-gene annotation for Alzheimer's Disease pathway-specific polygenic risk score construction	Katrina Bazemore	Genetics
P1047	Interconceptional Exposure to Common Plasticizers and Fetal Growth	Akhgar Ghassabian	Women's Health
P100	Intergenerational Transmission of Parenting Practices: The Role of Childhood Exposures to Stimulations and Disciplines as Predictors of the Variety of Current Parenting Practices	Yi-Tien Hsu	Behavior
P967	Intersectional patterns in cigar use with cigarettes and e-cigarettes by race and ethnicity, education, and sex: Insights from 10-Years of PATH data	James Buszkiewicz	Substance Use
P488	Interventions Targeting Loneliness in Aging Populations with HIV: A Scoping Review	Lien Quach	HIV / STI
P507	Investigating heterogeneity of effect of albendazole treatment on neurocysticercosis parasite death by host sex, age and immune function indicators	Zachary Zuchowski	Infectious Disease
P425	Investigating Social Support as an Effect Measure Modifier in the Relationship Between Race and Hypertensive Disorders of Pregnancy	Autumn Clemons	Health Disparities
P555	Iowa Rural and Urban Parents: Beliefs & Prevention of Violence Efforts	Abby Schueller	Injuries/Violence
P681	Is the Educational Attainment of Adult Children Associated With Their Parents' Risk of Incident Stroke?	Michelle Caunca	Neurology
P18	Joint Associations Between Sensory Impairment, Cognition, and Mortality: A Population-Based Study	Jordan Weiss	Aging

P531	Key Informant Interviews to Inform Community-Driven Vector-Borne Disease Education in Arizona	Skyler Finucane	Infectious Disease
P138	Knowledge, Attitude, and Perceived Barriers to Breast Cancer Screening Among African Immigrant Women Working in Beauty Salons	Rexford Anson-Dwamena	Cancer
P90	Latent Early Disease Trajectories in Systemic Autoimmune Rheumatic Diseases and the Association with Subsequent Mortality	Choa Yun	Autoimmune diseases
P892	Leveraging Epidemiologic Mixture Methods to Understand Early Child Development Through a Socio-Ecological Lens	Amanda Dorsey	Social
P26	Lifetime Earnings and Dual Functionality: Findings from Social Security Administration Earnings linked to the Health and Retirement Study	Calvin Colvin	Aging
P898	Locus of Control and Subsequent Physical and Mental Health: An Outcome-Wide Longitudinal Approach	Siqi Wu	Social
P168	Machine learning classification of HER2 mutations and treatment response using gene expression in breast cancer	Muyiwa Ategbale	Cancer
P773	Maternal early pregnancy blood heavy metal(loid)s and low fish consumption in relation to child Dyslipidemia at the age of 7 years	Fengxiu Ouyang	Perinatal & Pediatric
P655	Maternal Mortality and Racial Disparities Health Indicators in Historical US Data: Does Nonstationarity matter?	Anthony Kondracki	Methods/Statistics
P28	Mediating Effects of DNA Methylation on the Association Between Health-Related Behaviors and Cognition Using Data From the Health and Retirement Study	Junyub Lim	Aging
P728	Mediating role of biological aging in the relationship between long working hours, poor sleep quality, and mortality in the U.S. working population	Xiang Li	Occupational
P734	Military occupation and sleep trends over time: longitudinal results from the Annual Periodic Health Assessment of active duty US Navy and Marine Corps personnel, 2017-	James K. Romine	Occupational
P633	Mind the Gap: addressing missing person time when estimating time-fixed effects in longitudinal data	Jacqueline Rudolph	Methods/Statistics
P243	Minimum wage and racial/ethnic differences in COVID-19 mortality: A target study and trial emulation	Jee Won Park	COVID-19 Pandemic
P459	Multilevel factors associated with on-site childcare availability within substance use disorder treatment settings, US, 2024	George Pro	Health Services/Policy
P131	Neighborhood-Level Vulnerability and Pediatric Cancer Survival in the United States: An Analysis of SEER Data from 2000-2021	Amelia Nichols	Cancer
P727	Occupational exposure and risk of bladder cancer: findings from the Agricultural Health Study	Shuai Xie	Occupational
P146	Occupational exposure to asbestos and risk of bladder cancer	Sarina D. Murray	Cancer
P852	Opioid Use on Pregnancy Outcomes and Congenital Anomalies	Xiaoyi Shan	Reproductive
P171	Parental HPV Vaccine Misperceptions and Childhood Vaccination: Effect Modification by Child Sex Among Parents in San Diego County, California	Kayla Saadeh	Cancer
P326	Particulate Matter Waves and Mortality: Evidence from 37 Countries and 340 Cities	Garam Byun	Environment/Climate Change
P749	Pattern of maternal chronic conditions among stillbirth pregnancies	Anne Marie Darling	Perinatal & Pediatric
P704	Periconceptual dietary diversity and metabolic syndrome risk at 3 years postpartum	Qianhui Jin	Nutrition/Obesity
P58	Physiologic Aging and Longevity: The Association of 6 Blood Biomarkers with Age at Death in the Cardiovascular Health Study	Lauren Q. Vuong	Aging
P140	Pooled analysis of cell-free DNA derived 5-hydroxymethylcytosine signatures and risk of multiple myeloma using Bayesian machine learning	Saurabh Bhandari	Cancer
P252	Post-COVID-19 Cognitive Impairment: A systematic Review of Prevalence, Affected Domains and Underlying Mechanisms	Snigdha Sahai	COVID-19 Pandemic
P812	Postpartum COVID-19 vaccination and risk of lactational mastitis	Yihe G Daida	Pharmacoepidemiology
P113	Predicting Mortality in Alzheimer's Disease and Related Dementias: A Machine Learning Comparison Using the South Carolina Alzheimer's Disease Registry Data	Daniel A Amoatika	Big Data/Machine Learning/AI
P524	Predictors of future Lyme disease vaccine acceptability among healthcare professionals in 2025: a cross-sectional survey	Courtney Olson	Infectious Disease
P322	Prenatal air pollution exposure and placental vascular development in Pittsburgh, Pennsylvania	Fariha Hoque Rimu	Environment/Climate Change
P764	Pre-pregnancy calcium supplementation on the risk of gestational hypertension and proteinuria: A per-protocol analysis of a randomized trial	Chase D. Latour	Perinatal & Pediatric
P481	Prescribing patterns of dementia-specific medication in US persons with HIV and clinically recognized dementia, 2016-2022	Madeline Brooks	HIV / STI
P244	Prevalence and characteristics of post-acute sequelae of COVID-19 in recovered patients	Zuri Dale	COVID-19 Pandemic
P592	Prevalence of prenatal PTSD and co-occurring depressive symptoms among Black women: The role of adverse childhood experiences, sexual harassment and unwanted sex	Sarah C. Haight	Mental Health
P454	Primary care follow-up visits after discharge from hospital among older adults with dementia	Derek Manis	Health Services/Policy
P919	Quantifying the effects of the 2017 immigration ban on the prevalence of poor cardiovascular health among middle eastern and north african immigrants relative to other i	Shabir Sarwary	Social
P407	Racial and ethnic variation in rates of injury and death from violent victimization among boys and men in California from 2005-2022	Caitlin S. Chan	Health Disparities
P346	Radon exposure and cognitive impairment	Yijia Zhang	Environment/Climate Change
P861	Real-world effectiveness of infant RSV preventative interventions: a target trial emulation study using a novel analytic approach	Sara S Kim	Respiratory
P275	Real-world Evidence of GLP-1 receptor agonists and Cardiovascular Outcomes among Diabetes: A Target Trial Emulation	Motohiko Adomi	Diabetes
P731	Recent changes at the Centers for Disease Control and Prevention and their impacts on workforce mental health	Candice Johnson	Occupational
P56	Recent, cumulative depressive symptoms and memory in the Health and Retirement Study	Anna M. Pederson	Aging
P981	Recreational cannabis legalization and serious mental disorder among cannabis patients in California: A statewide longitudinal study	Sidra Goldman-Mellor	Substance Use
P740	Reduction in time-to-initiation of weight-loss medication after initiating antipsychotic between 2020 and 2024: Management of antipsychotic-induced weight gain in youth	Kareshma Mohanty	Perinatal & Pediatric
P342	Residential mobility and exposure misclassification of PM _{2.5} among pregnant Medicaid enrollees from 2001-2014	Stefania Papatheodorou	Environment/Climate Change
P1027	Respectful Maternity Care and Postpartum Emotional Distress: The Mediating Role of Baby-Friendly Hospital Initiative Practices and Moderation by Support	Chidinma Oli	Women's Health
P607	Revisiting the Diagnostic Algorithm: Implications for Depression Prevalence	Daniel Hagen	Mental Health
P575	Risk and Protective Factors of War-related PTSD in an Israeli Civilian Population in the Aftermath of October 7th	Sharon Stein Merkin	Mental Health
P186	Secondary prevention targets and guideline-directed medical therapy utilization following hospitalizations for myocardial infarction	Lily G Besette	Cardiovascular
P302	Serum Perfluoroalkyl substances (PFASs) concentrations and associations with Mammographic Density in postmenopausal women	Sabiha Nasrin	Environment/Climate Change
P67	Sex differences in cognitive predictors of functional independence in an oldest-old cohort: A multi-group structural equation modeling approach	Natalie Pandher	Aging
P182	Simpson's Paradox in a Clinical Trial: Myth or Reality?. Controversy Over Systolic Blood Pressure Sustainability in The SPRINT Trial.	Oscar Leonel Rueda-Ochoa	Cardiovascular
P191	Social Risk Factors Associated with Coronary Heart Disease and Stroke Among US Adults Aged ≥18 Years	Guixiang Zhao	Cardiovascular

P602	Social Support and Anxiety in Parents of Young Children: A Latent Class Analysis	Erin Wissler Gerdes	Mental Health
P490	Sociodemographic and Structural Correlates of Past-Year HIV Testing in a Statewide Sample: Analysis of the 2024 California BRFSS	Roxana Rezaei	HIV / STI
P873	Sociodemographic Factors Associated with Withdrawal from a National Brain Health Cohort	Azmat Sidhu	Science Communication & Media
P1041	Sociodemographic risk factors for endometriosis diagnostic delay: Findings from the ARCHES retrospective cohort	Karen Schliep	Women's Health
P14	Sodium-Glucose Cotransporter-2 Inhibitor Use for Heart Failure Across Transitions between Community, Hospital, and Skilled Nursing Facility Settings	Kelsey L Corcoran, DC	Ageing
P854	Stillbirth and risk of Alzheimer's disease and other related dementias: Findings from the Utah Population Database (1977–2024)	Karen Schliep	Reproductive
P895	Stratification and accumulation? Explaining changing mortality inequities between business owners and non-owners in the US (1984-2022)	Jerzy Eisenberg-Guyot	Social
P44	Subjective visuospatial cognition and dementia risk in adults over age 90: a comparison of time-to-event methods	Alexander Ivan B. Pospis	Ageing
P694	Sugar-Sweetened Beverage Intake and Uric Acid in Adolescents: Longitudinal Pathways Through Adiposity and Blood Pressure	Pei-Wen Wu	Nutrition/Obesity
P161	Synergistic effect of cancer and sexual minority status on overall mortality	May Baydoun	Cancer
P27	Systemic Inflammation and Its Interaction with Alzheimer's Disease Biomarkers in Cognitive Decline	Diefei Chen	Ageing
P501	Target Trial Emulation in Vaccine Evaluation: Challenges and Opportunities	Kayoko Shioda	Infectious Disease
P583	The Association between 25-Hydroxyvitamin D Levels and Depression 5 years later: A Longitudinal and Mendelian Randomization Analysis of Canadian Longitudinal Study or	Karen Davison	Mental Health
P530	The Association Between Long-COVID Symptom Incidence in COVID-19 Patients and COVID-19 Vaccination	David Olatunji	Infectious Disease
P187	The Association Between Major Life Stressors and Cardiovascular Disease: Findings from the Jackson Heart Study	Shuqi Zhang	Cardiovascular
P1025	The Association between Maternal Nativity and Treatment Engagement	Kendria Kelly-Taylor	Women's Health
P137	The Association between Prostate Cancer and PFAS- Associated Pesticides in the Multiethnic Cohort	Jazmine Chism	Cancer
P781	The Contribution of Cesarean Birth to Black-White Disparities in Severe Postpartum Hemorrhage	Lindsay Mallick	Perinatal & Pediatric
P821	The effect of prison visitation on post-incarceration risk of reincarceration and mortality, Rhode Island, 2009-2019	Molly Remch	Policing/Incarceration
P408	The forgotten middle at work: examining labor sector-specific declines in health and well-being across middle income strata	Agata Foryciarz	Health Disparities
P57	The Potential Role of Visual Acuity in the Effect of Age-Related Macular Degeneration on Dementia: A Discrete-Time Causal Mediation and Survival Analysis	Mina Habib	Ageing
P535	The Role of Flooding in Pediatric Malaria Hospitalization in Rural Ugandan Communities	Annika K Gunderson	Infectious Disease
P748	The Role of Gravity and Informative Censoring in Explaining the Association Between Pregnancy Loss and Subsequent Hypertension	Sabrina Chiodo	Perinatal & Pediatric
P249	Time to Death as an Indicator of Pandemic Preparedness During COVID-19 in South Korea	Suyoung Jo	COVID-19 Pandemic
P673	Tinnitus Burden among Young to Middle-Aged Adults in the United States: the National Longitudinal Study of Adolescent to Adult Health (Add Health)	Chuan-Ming Li	Neurology
P917	Transient and sustained effects of family income change on adolescent health and academic achievement	Ekaterina Sadikova	Social
P12	Trends and Associations between Food Insecurity, Metabolic Syndrome and Depression Among Older Adults	RoiSan Nhpang	Ageing
P692	Ultra-processed foods, dietary inflammation, and diet quality in relation to mortality risk in U.S. adults	Penias Tembo	Nutrition/Obesity
P783	Ultrasound suspicion of fetal large for gestational age and maternal and neonatal outcomes	Samantha Krueger	Perinatal & Pediatric
P487	Understanding Care Gaps in the HIV Care Continuum Post-Incarceration for People with HIV and Criminal Legal Involvement in San Francisco, CA: Insights from Multistate M	Paul Wesson	HIV / STI
P1046	Understanding the dynamic relationship between LDL-C and statin therapy through the menopause transition: A time-varying Bayesian analysis of the Study of Women's He	James Matuk	Women's Health
P882	Using facility zip code level mammography utilization to overcome biases that plague survey data on screening utilization	Garth Rauscher	Screening
P725	Validating a Task-Based Asbestos Job Exposure Matrix for Screening Pulmonary Disease in Trade Workers: A Calibrated Approach for Surveillance and Prevention	Sundus Siddique	Occupational
P951	Validation of self-reported hypertension, blood pressure, and anthropometry variables in the Nurses' Health Study 3	Hikaru Morooka	Study Design
P846	Weight stigma during pregnancy: The association between prepregnancy body mass index category, gestational weight gain, and adequate prenatal care communication	Lisa Miller	Reproductive
P483	What happened to people with HIV after they did not show up at a scheduled HIV primary care appointment in 2021-2023? A descriptive analysis of subsequent visit and vir	Sita Lujintanon	HIV / STI
P489	Who benefits from cash-incentivized HIV adherence counseling? Heterogeneity in a machine learning-targeted HIV trial in Tanzania	Huiyu (Joyce) Hu	HIV / STI
