

Poster Number	Title	Presenting Author	Primary Category
P853	Human Parvovirus B19 Pregnancy-Related Complications Across the COVID-19 Pandemic Period: A National Electronic Health Records Study—United States 2018–2025	Christopher Luthers	Reproductive
P627	A Latent Variable Model for Predicting Case Counts	Kathryn Shea	Methods/Statistics
P540	A Mixed-Methods Pilot Project to Examine Chagas Disease in the United States	Abbey M. Jones	Infectious Disease
P730	A Preliminary meta-analysis evaluating risk of digestive cancers from exposure to talc	Tony Cappello	Occupational
P804	Acetaminophen use during pregnancy and motor function in offspring at age 5 years	Yuewen Ge	Pharmacoepidemiology
P745	Acute Otitis Media Treatment Among Children in the US Military Health System	Chrystelle Kiang	Perinatal & Pediatric
P863	Adherence to Positive End-Expiratory Pressure Protocols Across Sepsis Phenotypes among Ventilated Critically Ill Children	Lucia Petito	Respiratory
P362	Adjusting for Medication Use in GWAS and its Impact on Mendelian Randomization Analyses: An Example of Systolic Blood Pressure in UK Biobank	Aaron Jun Yi Yap	Genetics
P629	Adjusting for unmeasured confounders with validation data using disease risk score calibration: a simulation study	Xiaojuan Liu	Methods/Statistics
P16	Aging Biomarkers in Osteoporosis: A Review of Molecular Mechanisms, Biological Aging, and Population Evidence	Miaosen Liu	Aging
P204	Alcohol Intake Trend and Patterns Among Adults with Cardiovascular Disease: National Health and Nutrition Examination Survey 1999-2016	Yangbo Sun	Cardiovascular
P508	Ambient air pollution and tuberculosis incidence in Brazil: A nationwide panel regression study, 2003-2019	Thi Mui Pham	Infectious Disease
P630	An accessible web-based solution for network meta-analysis integrating frequentist and Bayesian methods	Janos Tibor Fekete	Methods/Statistics
P624	An Alternative to Bootstrapping When Estimating Confidence Interval Coverage in Simulation Studies	Michael Webster-Clark	Methods/Statistics
P527	An increase in legionellosis cases in the US: An Epidemiological trend assessment before, during, and after the COVID-19 pandemic	Katrina Stadler	Infectious Disease
P415	Assessing Subjective and Objective Cognitive Function Across Intersectional Identities Using Multilevel Analysis of Individual Heterogeneity and Discriminatory Accuracy (MAII)	Nancy Chen	Health Disparities
P66	Assessing the Impact of Differential Alcohol Consumption Operationalization and Covariate Adjustment on Cognitive Outcomes in KHANDLE: A Multiverse Analysis	David Kapaon	Aging
P785	Association between Environmental Quality Index and Congenital Heart Defects in Arkansas	Janil Patel	Perinatal & Pediatric
P453	Association between legal access to cannabis and rates of suicide mortality among adults in the United States from 2012 to 2023	Mengni Jing	Health Services/Policy
P393	Association between Shifting Contributions to District-Level Life Expectancy Variation and National Life Expectancy Gains in South Korea, 1999-2022: A Partial Least Squares	Alkhan Kim	Health Disparities
P576	Associations between food insecurity and mental well-being among US adults: Findings from the 2022-2023 BRFSS Social Determinants module	J'Neka Claxton	Mental Health
P225	Associations between initial treatments for low-back pain and opioid use disorder risk in Medicaid patients	Anton Hung	Causal Inference
P721	Associations of per- and polyfluoroalkyl substances (PFAS) exposures and firefighting experience with microRNA signatures of papillary thyroid cancer	Cynthia Porter	Occupational
P43	Associations of shift work with longitudinal cognitive decline among a diverse cohort of older adults: The KHANDLE study	Hilary L. Colbeth	Aging
P103	Associations of Weight Teasing and Related Distress with Orthorexic Eating among College Students	Cynthia Yoon	Behavior
P904	Attending Historically Black Colleges or Universities and all-mortality in US Black adults	M. Maria Glymour	Social
P417	Beyond Average Income: Distinct Life Course Economic Trajectories and Hypertension Risk	Mehrnaz Siavoshi	Health Disparities
P154	Beyond baseline biospecimen collection - the NCI Connect for Cancer Prevention follow-up collections	Stephanie Weinstein	Cancer
P142	Beyond Body Surface Area: Microsimulation of Muscle-informed Chemotherapy Dosing to Improve Treatment Completion for Colon Cancer	Anlan Cao	Cancer
P1032	Beyond Diagnosis: Migraine and Depressive Symptoms in Young Women in the Growing Up Today Study	Holly Crowe	Women's Health
P591	Birth cohort differences in depressive symptoms from ages 18 to 30 in the U.S. and mediation by changing social roles	Catherine Gimbrone	Mental Health
P49	Body mass index at different late-life stages and risk of all-cause mortality in a diverse population with exceptional longevity: LifeAfter90 Study	Claire Meunier	Aging
P370	Breastfeeding, Maternal Work Type, and Child Underweight Status Using 2023 Data from the Chitwan Valley Family Study (CVFS)	Lena Dang	Global Health
P556	Bridging the Gap: Referral Responsiveness Across Support Domains in a Hospital-Based Violence Intervention Program in Arkansas	Mofan GU	Injuries/Violence
P4	Cadmium Exposure and Incidence of All-Cause Dementia and Alzheimer's Disease in US Adults	Erika Walker	Aging
P13	Changes in financial well-being and epigenetic age acceleration in middle-aged and older US adults	Sarah E. Weber	Aging
P830	Changes in Life Satisfaction and Receipt of Social and Emotional Support among Adults Residing in 7 States: 2015-2017 to 2022-2024	Guixiang Zhao	Psychosocial factors
P813	Characterizing the Epidemiology of Antimicrobial Use in a Large U.S. Municipal Companion Animal Shelter	Paulina Colombo	Pharmacoepidemiology
P561	Child maltreatment, adult partner violence, and age at dementia diagnosis: A sequential causal mediation analysis in the UK Biobank	Marie-Céline Schulte	Injuries/Violence
P314	Climate signals in the ecology of Naegleria Fowleri	Raheleh Mohammadi	Environment/Climate Change
P164	Colorectal Cancer Screening Initiation at Age 45 Among Texas Medicaid Enrollees, 2018–2021	Ami E. Sedani	Cancer
P702	Combined Rural and Economic Disadvantage and Fruit and Vegetable Intake: Evidence from a National Survey	Kinjal Nayak	Nutrition/Obesity
P505	Comparative Effectiveness of Three Linezolid Management Strategies for Peripheral Neuropathy During Multidrug- or Rifampicin-Resistant Tuberculosis Treatment: A Target	Matthew Romo	Infectious Disease
P378	Comparison of antimicrobial resistance among children under 5 in clinic and population-based samples in Niger	Angela Cheng	Global Health
P768	Concordance with pediatric urinary tract infection clinical guidelines and short-term outcomes in children in the US Military Health System	Yixin Chen	Perinatal & Pediatric
P777	Congenital heart disease rates and the COVID-19 pandemic: a study in a large integrated health system from 2016-2025	Helena Archer	Perinatal & Pediatric
P352	Co-occurring Exposure to Extreme Heat and Wildfire Smoke During Pregnancy on Preterm Birth Outcomes	Aimee Lansdale	Environment/Climate Change
P196	Coronary Artery Calcium and Incident Atherosclerotic Cardiovascular Disease: An Application of Generalized Heterogeneous Treatment Effect (HTE) Approach	Chuyue Wu	Cardiovascular
P212	Correcting Exposure Misclassification via Control Variates: Effects of Opportunistic Infections on Lung Function in Children with Cystic Fibrosis	Kevin Josey	Causal Inference
P193	COVID-19 Pandemic-Related Healthcare Disruptions and Risk of Major Adverse Cardiovascular Outcomes Among Older Adults with Multiple Chronic Conditions in New York	C. Lorna Thorpe	Cardiovascular
P400	Dentition Status, Dental Visits, and Incremental Costs Among Adults In The U.S.	McKIng Amedari	Health Disparities
P114	Depression Risk and Potential Benefit from Social Participation among Japanese Older Adults: A Machine Learning Based Approach	Yuta Takemura	Big Data/Machine Learning/AI
P472	Development and Validation of Two Syphilis Treatment Completion Algorithms Using Routine Surveillance Data in British Columbia, Canada	Justin Sorge	HIV / STI
P628	Development of an Item Bank to Measure Discrimination and Racism Across Black and Hispanic/Latino Populations: A Modified Delphi approach	Nneka Okeke	Methods/Statistics
P306	Dietary predictors of urinary metals concentrations in a cohort of Ugandan adolescent girls and young women	Kristen Upson	Environment/Climate Change
P272	Digital health technologies for self-management of type 2 diabetes in low-resource settings: a scoping review of feasibility, adoption, and equity considerations	Edmond Appiah	Diabetes
P621	Disease Risk Score Methods for Studying Treatment Effect Heterogeneity in Real-World Data	Haedi Thelen	Methods/Statistics
P424	Disparities in Recovery of Activities of Daily Living Among Survivors of Respiratory Failure due to COVID-19	Kaitlyn Parrotte	Health Disparities
P526	Double blind randomized controlled trial to evaluate the safety of Lactobacillus rhamnosus GG ATCC 53103 (LGG) vs. placebo in elderly subjects receiving live attenuated influ	Sam Gebeh	Infectious Disease

P560	Measuring child maltreatment-related hospitalizations and emergency room visits across the ICD-9-CM to ICD-10-CM transition: Comparison of three approaches	Kriszta Farkas	Injuries/Violence
P316	Ecological Analysis of Per- and Polyfluoroalkyl Substances in Public Water Supplies and Adult and Child/Adolescent Cancer Incidence	John Kaufman	Environment/Climate Change
P241	Effectiveness of COVID-19 mRNA Vaccines by Genetic Match to Circulating SARS-CoV-2 Strains — IVY Network, 26 Hospitals, September 2023–April 2025	Kevin C. Ma	COVID-19 Pandemic
P915	Effects of dialog-based museum viewing on emotional well-being among older adults: a quasi-experimental study	Hiroshi Habu	Social
P353	Emergency Department Visits for Heat Stroke in the United States, 2016-2021	Tabitha Hardin-Zollo	Environment/Climate Change
P698	Energy-Density Dietary Inflammatory Index (EDII) and Sleep Quality, Duration, and Timing within the Mobile Lifestyle Intervention for Food and Exercise (mLIFE) Study	Michael Wirth	Nutrition/Obesity
P635	Enhancing Transportability of Predictive Models: A Novel Quantile Regression Approach to Improve Prediction in the Tails	Ariana Mora	Methods/Statistics
P301	Environmental Metals and Depressive Symptoms among North American Pregnancy Planners: A Novel Application of Volumetric Absorptive Microsamplers (VAMS) for Epidermal Sampling	Samantha Schildroth	Environment/Climate Change
P38	Epigenetic aging mediates the association between oral health and mortality in the United States	Hyeji Seo	Aging
P39	Estimated effects of diabetes on neuroimaging biomarkers: Extending estimates from the MEMENTO cohort to the French population of older adults	Yingyan Wu	Aging
P642	Estimating dementia-related outcomes among patients following hospitalization with septic shock	Robert Dettmann	Methods/Statistics
P45	Estimating Effects of Exposures on Memory Trajectories With Death and Dropout: Comparing Modeling Frameworks and Prediction Strategies	L. Paloma Rojas-Saunero	Aging
P214	Evaluating Comparative Effectiveness Under Real-World Adherence Patterns	Nicholas Williams	Causal Inference
P872	Evaluating Health Promotion and Communication Strategies for Mosquito-Borne Disease Control in the United States: A Scoping Review Protocol	Jordan Robinson	Science Communication & Media
P640	Evaluating potential collider bias arising from limiting a sample to VHA utilizers in a prospective cohort study of active servicemembers and veterans	Sahra Mohazzab-Hosseini	Methods/Statistics
P529	Evaluating the Moving Epidemic Method for establishing seasonal and alert thresholds for influenza-like illness at a single-site university health center setting	Carman North	Infectious Disease
P881	Evaluation of noninvasive markers for metabolic dysfunction-associated steatotic liver disease among high-risk populations	Christian S. Alvarez	Screening
P976	Evaluation of the Raising the Bar campaign: changing social norms of parental drinking behaviors in Marin County, CA	Michaela George	Substance Use
P674	Eviction moratoria and hippocampal development in the Adolescent Brain and Cognitive Development cohort: a difference-in-differences analysis	Jeroen van Baar	Neurology
P345	Examining early gestational susceptibility to ambient air pollutants and risk of pregnancy loss in a time-to-pregnancy cohort	Kaniz Rabeya	Environment/Climate Change
P905	Examining the relationship between involuntary residential moves from ages 0 to 5 years and mortality through adulthood in a national, population-based cohort study	Taylor M. Mobley	Social
P588	Exploring internalized stigma among people living with psychosis and their caregivers: Insights from a community rehabilitation initiative in Malawi	Mia Buono	Mental Health
P273	Exploring spatial non-stationarity in modifiable built environment factors and diabetes prevalence in Georgia: a census tract-level analysis	Arshya Gurbani	Diabetes
P880	Factors Associated With Positive Mammography Intentions Among African American College Students in Mississippi	Dinan Noor	Screening
P200	Family Dietary Environments, Sugar-Sweetened Beverage Use, and Metabolic Risk in Adolescents: A Parent-Adolescent Dyad Study	Ying-Hua Liao	Cardiovascular
P1044	Female cancer risks and infertility diagnosis: an analysis based on Taiwanese national data	Tingju Hsu	Women's Health
P183	Ferritin-Based Definitions of Iron Deficiency and their Associations with Cardiovascular Disease in Women — National Health and Nutrition Examination Survey, United States	Domonique Hargrave	Cardiovascular
P709	Food Insecurity and Body Image Concerns in College Students: The Mediating Role of Diet Quality	Chidimma Okoli	Nutrition/Obesity
P203	Food Security and Cardiovascular Disease Mortality Among Economically Disadvantaged U.S. Adults: National Health and Nutrition Examination Survey (NHANES) 2011-2018	Jee Won Park	Cardiovascular
P532	From association to prediction: a scoping review reveals methodological and reporting gaps in human Lyme disease forecasting, prediction and projection	Danny Szaroz	Infectious Disease
P519	From Hallways to Hotspots: Exploring Residence Hall Risk During COVID-19	Christopher Pierson	Infectious Disease
P652	Generalizing per protocol estimates of HIV treatment from the ACTG A5202 trial.	Timothy Feeney	Methods/Statistics
P360	Genome-wide association study and post-GWAS analysis of serum adiponectin levels in 46,370 Korean individuals	SUN HA JEE	Genetics
P475	Geospatial injection venue attendance dynamics and HIV incidence among people who inject drugs in New Delhi, India from 2017-2025	Griffin Bell	HIV / STI
P245	Global changes in life expectancy during the COVID-19 pandemic	Hoi Ting (Alexandra) Law	COVID-19 Pandemic
P492	Health Status and HIV Risk Behavior in U.S. Adults: The Role of Self-Rated Health and Unhealthy Days–Based HRQOL; results from a 2016-2022 national level study	Sarala Pandey	HIV / STI
P396	Healthy People 2030: Examining Progress in Medical, Dental, and Prescription Drug Insurance Coverage	Christina Fennell	Health Disparities
P61	Heterogeneity in the Population Attributable Fraction of Social Isolation for Incident Dementia	Dylan Tran	Aging
P580	Heterogeneous Treatment Effects of CBT on Post-MI Depression and Survival: A Machine Learning Approach on ENRICH Trial	Yuta Takemura	Mental Health
P278	Historical trends in glycated hemoglobin in people living with type-2 diabetes in Mexico between 2012 and 2024	Francisco Canto-Osorio	Diabetes
P612	Home environment predicts cognitive outcomes in mid-childhood: Evidence from the MAASTH Cohort, India	Giridhara Rathnaiah Babu	Mental Health
P80	Hospitalization Trends and Projections of Autoimmune Diseases in the United States: A Nationwide Analysis, 2000-2030	Minkyong Song	Autoimmune Disease
P476	House-Ball Community as a Social Determinant of HIV Outcomes Among Transgender Women of Color	Alexander Furuya	HIV / STI
P188	Identifying mediators of the effect of cigarette smoking on atrial fibrillation in the Atherosclerosis Risk in Communities (ARIC) Study	Oluseye Ogunmoroti	Cardiovascular
P950	Immortal time considerations in linked data	Amarnath Marthi	Study Design
P247	Impact of Border Proximity on COVID-19 Incidence and Mortality along the U.S.-Mexico Border	Berenice Arguello	COVID-19 Pandemic
P700	Impact of Mandatory Fortification with Folic Acid on Prevalence of Congenital Heart Defects, Neural Tube Defects, and Orofacial Clefts: A Systematic Review and Meta-Analysis	Helena Pachón	Nutrition/Obesity
P102	Impact of neighborhood characteristics on leisure-time physical activity among school employees working on the Texas-Mexico border	Zuber D. Mulla	Behavior
P903	Impacts of Quebec's Minimum Legal Age for Cannabis Use: A Difference-in-Discontinuities Approach	Sarah Windle	Social
P441	Implementation and Evaluation of a Community Health Worker Curriculum to Address Social Determinants of Health	Yessica Martinez Mulet	Health Disparities
P496	Implementation of Machine Learning–Based Risk Targeting for HIV Care in Tanzania	Huiyu (Joyce) Hu	HIV / STI
P116	Improving Detection of Adolescent Prescription Opioid Misuse Using Machine Learning with Synthetic Oversampling	Asef Raiyan	Big Data/Machine Learning/AI
P806	Incidence of potential prescribing cascades involving overactive bladder medications among US older nursing home residents	Lexie R. Grove	Pharmacoepidemiology
P539	Infectious Disease	Gamal Mohamed	Infectious Disease
P994	Integrating EHR and Survey Data via Machine Learning to Dissect the Rare Genetic Architecture of Alcohol Use Disorder: Findings from All of Us Biobank	Mingzhou Fu	Substance Use
P251	Integrating Wastewater-Based Epidemiology and Socio-Behavioral Data to Enhance Predictive Modeling of SARS-CoV-2 Spike Risk in Virginia	Isaiah Omari	COVID-19 Pandemic
P992	Interpersonal Dynamics and Drug Injection Behaviors: A Longitudinal Study of Injecting Dyads	Maia Scarpetta	Substance Use
P942	Intersecting socio-structural determinants of depression among men who have sex with men in the United States: A multilevel analysis of individual heterogeneity and discrimination	Jason M. Lo Hog Tian	Structural
P423	Investigating perceived stress as a partial mediator between race, racial discrimination, and HDP outcomes	Autumn Clemons	Health Disparities
P5	Iodine Status and Bone Fracture Prevalence among Adults in the United States	Alexander Hill	Aging

P452	Is Anyone Listening? Impact of Physical Activity Guidelines on Chronic Disease Prevalence Among U.S. Adults	Sarah Melvin	Health Services/Policy
P761	Language Preference as a Modifier of Prenatal Depression Screening Uptake, 2019-2024	Amanda Luff	Perinatal & Pediatric
P17	Lateral differences in the relationship between hippocampal volume and depressive symptoms in a cohort of ethnically diverse older adults	Suhani Amin	Aging
P317	Lead and Air Pollution Exposure and Risk of ADHD in Children: Evidence from a Retrospective Cohort in Philadelphia, PA	Xuwen Pei	Environment/Climate Change
P672	Life Expectancies for Medicaid Beneficiaries with Autism Spectrum Disorder vs. Attention-Deficit/Hyperactivity Disorder, United States, 2000-2020	Guohua Li	Neurology
P134	Life's Essential 8 and Cancer Risk: A Multistate Causal Mediation Analysis of Incident Cardiovascular Disease	Minji Jung	Cancer
P767	Maternal Mental Health and Infant Safe Sleep Practices: A Population-Based Analysis of PRAMS Data	Jaksen Perrin	Perinatal & Pediatric
P774	Maternal occupational risks and adverse birth outcomes among emergency medical services workers, firefighters, and nurses	Paulina Luna Ramirez	Perinatal & Pediatric
P284	Maternal Sociodemographic, Pre-Pregnancy, and Pregnancy Factors Associated with Type 2 Diabetes in Adolescents and Young Adults: The PAPAYA Study	Saher Daredia	Diabetes
P708	Micronutrient Intake, Depression, and Sleep Duration Among U.S. Adults in NHANES 2011–2023	Shilpa Patil	Nutrition/Obesity
P758	Mid-Pregnancy Extracellular Vesicle Proteomic Signatures Differentiate Preeclampsia and Normotensive Pregnancies	Brandie DePaoli Taylor	Perinatal & Pediatric
P1033	Migraine Trajectories Across the Menopausal Transition by Aura Status in the Nurses' Health Study 2	Holly Crowe	Women's Health
P470	Mixing It Up: Age and Partnership Patterns in MSM Sexual Networks	Brittany Liebhard	HIV / STI
P199	Mixture Effects of Adolescent Metabolic Profiles on Serum Uric Acid in Early Adulthood: Evidence from the Ewha Birth and Growth Cohort	Seunghee Jun	Cardiovascular
P115	MOMENTS: a linked maternal–infant database for rural, social-context epidemiology in South Dakota	Christine Hockett	Big Data/Machine Learning/AI
P451	Moral Distress Among Providers for Transgender and Gender-Diverse Youth: A National Survey on the Impact of State Legislation and Institutional Policies	Laura Stamm	Health Services/Policy
P986	Multilevel predictors of telehealth and integrated primary care within behavioral health services, US, 2024	George Pro	Substance Use
P750	Neighborhood food environments and perinatal cardiovascular conditions	Elleni M Hailu	Perinatal & Pediatric
P279	Neighborhood Typology and A1C Trajectories among Women with Gestational Diabetes in New York City: A Longitudinal Study	Teresa Janevic	Diabetes
P541	Optimal timing for influenza vaccination for adults ≥65 years during the 2023-2024 influenza season	Nicola P Klein	Infectious Disease
P978	Parsing the Prairie: Rurality Metrics and Their Association with Smoking in Nebraska	James Buckley	Substance Use
P1039	Patterns of depot medroxyprogesterone acetate (DMPA) injectable contraceptive use and predictors of discontinuation in young Ugandan women ages 16-25 years	Kristen Upson	Women's Health
P989	Patterns of heroin overdose deaths: Evidence from Kentucky hospitalization data	Venetia Aranha	Substance Use
P305	Perinatal exposure to meteorological-air pollutant mixture and autism spectrum disorders	Wanyu Huang	Environment/Climate Change
P135	Physical Activity and Breast Cancer Outcomes in the Kaiser Pathways Cohort Study of Breast Cancer Survivors	Tanvi Srivastava	Cancer
P760	Prenatal polybrominated diphenyl ethers (PBDEs) and kidney function markers in adolescents at age 12 years	Amruta Godbole	Perinatal & Pediatric
P586	Prevalence and Correlates of Depressive Symptoms Among Ethiopian and Ethiopian-Descent Adults in the Greater Seattle Area: A Cross-Sectional Study	Hiwot Weldemariam	Mental Health
P1028	Prevalence of chronic pain during the first year postpartum among TRICARE beneficiaries, 2013-2022	Jackielyn Lanning	Women's Health
P993	Prevalence of Current Substance Use by Disability Status and Disability Type among Adults in the United States and Territories: BRFSS 2020–2023	Precious Patrick Edet	Substance Use
P6	Purpose in Life vs. Satisfaction with Life: Which is more essential for longevity with preserved physical and cognitive function?	Nicole S. Pippard, MPH	Aging
P399	Quality of Antenatal Care and Pregnancy Outcomes: Gestational Diabetes and Preeclampsia Analysis in All of Us Participants	Sueny Paloma Lima dos Santos	Health Disparities
P51	Quantifying bias from reverse causation in observational studies of dementia risk factors: A simulation study informed by reverse Mendelian Randomization	Jingxuan Wang	Aging
P914	Racial and Ethnic Inequalities in Hypertension and Cardiovascular Diseases in the Latin American and Caribbean Region, 2000-2023: A Scoping Review	Diana Higuera-Mendieta	Social
P983	Realized causal effect of non-specific psychological distress on substance use outcomes among transgender women of color in New York, NY	Adam Whalen	Substance Use
P174	Reproductive and Exogenous Hormone Exposures and Breast Cancer Among Active-Duty Women in the US Military	Caroline Hoffman	Cancer
P742	Residing in a Neighborhood with Historical redlining and stillbirth occurrence in Arkansas	Olabowale Olola	Perinatal & Pediatric
P916	Reversal in the health literacy–anxiety association from 2020 to 2025: repeated panel surveys and free-text content shifts in Japan	Yujiro Kuroda	Social
P155	Risks of subsequent primary cancers among the World Trade Center rescue and recovery workers diagnosed with cancer	Charles B. Hall	Cancer
P395	Rural Medication Disparities for Diabetes, Hypertension and Hyperlipidemia	Chia-Lin Chang	Health Disparities
P845	Severity-Graded Obstetric Trauma and Postpartum Mental Health Diagnoses in a Hospital-Based Birth Cohort	Shashi Sarnaik	Reproductive
P50	Sex-specific associations between thyroid hormones and biological aging	Rebecca Stutz	Aging
P185	Social drivers of undiagnosed and uncontrolled hypertension in a primary care setting	Karen Schliep	Cardiovascular
P514	Social margination index and unsuccessful pulmonary tuberculosis treatment outcomes in Sonora, Mexico	Gregorio Morales	Infectious Disease
P153	Sources of dietary sugar and site-specific cancer risk in the NIH-AARP Diet and Health Study	Lynn Ferro	Cancer
P145	Sources of financial support accessed by AYA cancer survivors using fertility cryopreservation strategies	Taylor Ellington	Cancer
P517	Spatial Clustering and Multilevel Determinants of Vaccine Misinformation in Angola, Mozambique, São Tomé & Príncipe, and Guinea: Evidence from Demographic and Health	Ahmed Fentaw Ahmed	Infectious Disease
P303	Spatial patterns of wildfire-related PM2.5 increases and historical redlining during the January 2025 Los Angeles Wildfires	Malaika Jade Mason	Environment/Climate Change
P771	Spatial Variation in Sudden Infant Death Syndrome Across California's San Joaquin Valley, 2019–2022	Elizabeth Amankwah	Perinatal & Pediatric
P528	Spatial, temporal, and space-time trends of reported Shigella spp. outbreaks in the United States, 2009-2022	Muhammad Rashid Bajwa	Infectious Disease
P391	State-Level Socioeconomic Status and Drinking Behavior: An Ecological Analysis	Rikki Fan	Health Disparities
P676	Structural Sexism and Stroke Incidence among Black and White Women and Men: Evidence from the REasons for Geographic And Racial Differences in Stroke (REGARDS) stud	Chen Chen	Neurology
P842	Substance Use and Pregnancy Attempts in the Apple Women's Health Study	Michelle Klawans	Reproductive
P720	Suicide Mortality in Urban Career Firefighters and Emergency Medical Service Providers Compared with the US and NYC Adult Populations	Ankura Singh	Occupational
P160	Temporal patterns of cancer incidence and mortality in Hungary: Evidence from nationwide population data	Janos Tibor Fekete	Cancer
P600	The age of anxiety: anti-anxiety medication use among older adults in the United States	Maria Springall De Pablo	Mental Health
P913	The Association Between Early Life Social Determinants and Adult Morbidity in a Jamaican Sickle Cell Disease Cohort	Alphanso Lorenzo Blake	Social
P943	The Association Between Latino Ethnic Enclaves and Air Pollution in California	Sandie Ha	Structural
P1038	The Association Between Period Pain and Pain Catastrophizing on Academic and Daily Life Disruptions in Undergraduate Students	Madalynn Gilpin	Women's Health
P604	The association between pre-pregnancy weight changes and offspring risks of attention-deficit/hyperactivity disorder	Jimin Clara Park	Mental Health
P908	The association of childhood family connectedness and life-course memory function	Yingyan Wu	Social

<b>P427</b>	The Countereffects of Ethnic Enclaves on Neighborhood Vulnerability: Adiposity Among Mexican American Adults in the Cameron County Hispanic Cohort	Ellyzabeth Morales-Ledesma	Health Disparities
<b>P29</b>	The effect of informant characteristics on reports of impairment in cognition and daily functioning in India: Findings from a multiple informant, within-person design	Emma Nichols	Aging
<b>P1030</b>	The effectiveness of perineorrhaphy during vaginal pelvic organ prolapse surgery to reduce the risk of reoperation	Beth MacLean	Women's Health
<b>P31</b>	The impact of adverse childhood experiences on functional impairment in a diverse cohort of older adults	Gina E. Nam	Aging
<b>P172</b>	The Impact of Cardiovascular Diseases on Cancer Screening Utilization: Evidence from a 2016–2024 U.S. National Study	Sarala Pandey	Cancer
<b>P762</b>	The Joint Effects of Inflammatory Bowel Disease and Infertility on Preterm Birth	Aida Glembocki	Perinatal & Pediatric
<b>P706</b>	The modifying role of fruit and vegetable intake and physical activity in obesity and chronic disease associations	Muskan Ahuja	Nutrition/Obesity
<b>P10</b>	The older adult with HIV population in North America: a meta-analysis of repeated cross-sectional data	Derek Manis	Aging
<b>P778</b>	The risk of adverse birth outcomes in mothers with depressive symptoms comorbid with gestational diabetes or hypertension: The Born in Queensland Study	Biruk Beletew Abate	Perinatal & Pediatric
<b>P724</b>	The risk of digestive cancers from occupational exposure to ethylene oxide: a preliminary meta-analysis using existing literature	Liz Best	Occupational
<b>P173</b>	The role of interpersonal-level sociocultural factors in breast cancer screening in U.S. Hispanic/Latina women: Findings from the Hispanic Community Health Study/Study of L	Vanessa Dávila-Conn	Cancer
<b>P494</b>	Timing of Follow-Up Viral Load Testing and Re-Suppression After Virologic Failure Among Patients Prescribed Integrase Inhibitors	Lisa Regula	HIV / STI
<b>P21</b>	Trajectories of depressive symptoms among older adults by spousal dementia status: a sequence analysis approach	Michelle Flesaker	Aging
<b>P515</b>	Transplacental transfer of viral IgG antibodies is variable across viral pathogens	Shannon C. Conrey	Infectious Disease
<b>P227</b>	Transporting the effects of statins on cardiovascular disease from a randomized trial to a population of breast cancer survivors	Rienna G. Russo	Causal Inference
<b>P985</b>	Trends in the association between cannabis use disorder and suicidal ideation in the United States, 2014–2023	Tosin Oyetunji	Substance Use
<b>P70</b>	Triangulating Evidence on Social Isolation, Cognitive Function, and Dementia Risk Among Adults Aged 90 Years and Older	Andrew Philips	Aging
<b>P310</b>	U.S. Climate Vulnerability Index and Prevalence of Coronary Heart Disease and Stroke	Lindsey M. Russo	Environment/Climate Change
<b>P149</b>	Understanding Colorectal Cancer Etiology: The Paradigm III Conceptual Model	Tanvi Srivastava	Cancer
<b>P991</b>	Unmet Subsistence Needs, Substance Use Patterns and Mental Health Among Women Experiencing Homelessness: A Longitudinal Analysis	Anna Krasnova	Substance Use
<b>P722</b>	Using a standardized interpretation tool and statistical clustering to inform cardiopulmonary exercise testing interpretation and application	Lauren Zell-Baran	Occupational
<b>P997</b>	Validation of a Novel Systematic Social Observation for Assessing Public Disorder in Neighborhoods Surrounding Community-Based Overdose Prevention Programs in New York	Laura C. Chambers	Substance Use
<b>P1022</b>	Vitamin D deficiency and the odds of bacterial vaginosis among US women: Results from NHANES 2001-2004	Yinglin Dai	Women's Health
<b>P321</b>	Wildfires and emergency department visits among children living with sickle cell disease in California: A case-crossover study	Zachary Smith	Environment/Climate Change
