

Poster Number	Title	Presenting Author	Primary Category
P495	A mixed methods study of antiretroviral therapy engagement in long-term care	Brianne Olivieri-Mui	HIV / STI
P217	A multi-state Causal Framework for Estimating the Effects of Treatment Regimes over the Course of Chronic Disease	Ming Ding	Causal Inference
P157	A prospective investigation on DNA methylation-based inflammation risk scores and lung cancer among never smokers	Mohammad Rahman	Cancer
P883	Addressing the immigrant screening gap: A systematic review on interventions to increase colorectal cancer screening among immigrants in the United States	Ethan Cohen	Screening
P372	Algorithmic Transportability of Pediatric Tuberculosis Treatment Models: The Impact of Measurement Heterogeneity and Missing Data	Ieza Arshad	Global Health
P1045	An assessment of antibiotic treatment failure burden among lactational mastitis patients by initial antibiotic prescription and demographic characteristics	Ruchir Raman	Women's Health
P634	Analyzing Irregularly Age-Binned Data Using Catalytic Models of Seroprevalence	Robert Dettmann	Methods/Statistics
P23	Antidepressant and Anti-Anxiety Medication Use and Longitudinal Cognitive Function in Older Adults	Maria Springall De Pablo	Aging
P220	Application and description of Bayesian doubly robust conditional quantile treatment effect estimation: A use case with sensitivity analysis	Hayden L. Smith	Causal Inference
P333	Applications of Statistical Analysis Methods to Sparse Data at Low Fine Particulate Matter Concentrations	Jacob Kremer	Environment/Climate Change
P484	Assessing Causal Effects of HIV Testing on HIV Incidence in Rural KwaZulu-Natal, South Africa	Ke Zhang	HIV / STI
P410	Assessing mediation of sexual orientation disparities in miscarriage by age at pregnancy	Payal Chakraborty	Health Disparities
P696	Association between Environmental Noise Exposure and Childhood Body Weight in Taiwan	Xin-Chun Peng	Nutrition/Obesity
P746	Association of maternal physical activity domains, intensities and duration with neonatal anthropometry in the NICHD Fetal Growth Studies - Singletons	Kathryn Wagner	Perinatal & Pediatric
P104	Association of Stress on Ethanol Intake and Alcohol Use Disorder and the Role of Age at First Drink in this Relationship: An Epidemiological Study	Tulshi Saha	Behavior
P175	Associations between greenspaces and cancer outcomes in the U.S.: the NIH-AARP Diet and Health study	Jeonggyo Yoon	Cancer
P670	Associations between plasma metal and metalloids levels and Alzheimer's disease and related dementias among a cognitively healthy population-based cohort	Terry Zhou	Neurology
P327	Associations between plasma metal(loid) concentrations and early neurodegenerative findings estimated from MRI in cognitively normal adults	Ruby Hickman	Environment/Climate Change
P46	Associations of alcohol consumption with memory loss in European middle-aged and older adults: evaluating time-varying confounding, lagged effects, and "sick quitter" effects	Shelli Vodovozov	Aging
P710	Associations of Childhood BMI and Waist Circumference Trajectories with MASLD Risk in Early Adulthood: Evidence from the Ewha Birth and Growth Cohort	Hyelim Lee	Nutrition/Obesity
P150	Associations of lipid peroxidation biomarkers with renal cell carcinoma and interactions with metals and micronutrients	Wei-Jen Chen	Cancer
P318	Associations of maternal urinary perchlorate, thiocyanate, and nitrate with maternal thyroid function during pregnancy: Modification by iodine status in the MARBLES study	Hyuna Jang	Environment/Climate Change
P732	Associations of per- and polyfluoroalkyl substances (PFAS) exposures and firefighting experience with microRNA signatures of Amyotrophic Lateral Sclerosis (ALS): a cross-sectional study	Brooke A Hawkes	Occupational
P782	Being aWARE: engaging the community in development of a Web-based tool for Autism Research	Anisha Singh	Perinatal & Pediatric
P729	Beyond the crops: exploring precarious employment among California, Washington, and Oregon farmworkers and its association with chronic disease	Miriam Flores Moreno	Occupational
P653	Bias-Variance Implications of Outcome Missingness and Misclassification in EHR-Based Studies: A Simulation Study	Elaona Lemoto	Methods/Statistics
P139	Body Mass Index- and Waist-Hip Ratio-defined Obesity and Risk of Hypertension in Female Cancer Survivors	MAHFUJA LUNA	Cancer
P52	Cancer History and Risk of Alzheimer's Disease in Women: A Nested Case-Control Study in the NYU Women's Health Study	Xiaolan Zhao	Aging
P590	Cannabis use and anxiety among youth: a rapid review	Hayden Adair	Mental Health
P558	Causal inference for repeated events, case-crossover or case-control: application to sport injuries	George Stefan	Injuries/Violence
P980	Chronic pain, PTSD, smoking and opioid misuse: An interaction analysis	Ananya Dhanya	Substance Use
P9	Clinically Documented Social Adversity (Z55-Z65 Codes) and Brain Structure: A Cross-Sectional Neuroimaging Study in UK Biobank	May A. Beydoun	Aging
P606	Comorbid Depression and Anxiety in U.S. Adults: A Data-Driven Exploration of Predictive Correlates	Debbie Huang	Mental Health
P506	Comparative Effectiveness of Different Dosing Schedules of Pneumococcal Conjugate Vaccines among Children in Brazil: A Target Trial Emulation Study Using National Registry Data	Katherine Jia	Infectious Disease
P787	Comparing temporal trends and racial differences in child maltreatment identified in child protective services reports and hospital administrative data in California, 2005-2019	Sophia Horiuchi	Perinatal & Pediatric
P638	Comparison of Last Observation Carried Forward and Multiple Imputation for Handling Missing Data in Longitudinal Studies	Julia R. Bacci	Methods/Statistics
P620	Covariate selection and justification in studies of multidimensional indices of structural racism and health: A systematic review	Annika Gompers	Methods/Statistics
P19	Cross-walking proxy reports and direct episodic memory assessments to reduce selective attrition in dementia studies	Eleanor Hayes-Larson	Aging
P890	Cumulative layoffs in adulthood and cognitive function in mid-to-later life among US working-age adults, 1979-2020	Xuexin Yu	Social
P411	DARE: A Health Disparities Assessment Rubric for Epidemiologic Data Analysis	Yulin Hswen	Health Disparities
P754	Demographic and Clinic Characteristics Associated with Patient's Declining Universal Suicide Risk Screening in Pediatric Subspecialty Ambulatory Care	Imme Kobayashi	Perinatal & Pediatric
P440	Demographic Correlates of Secondhand Cigarette, Cigar, Electronic Vapor Product, and Cannabis Smoke Exposure among US Adults	Joyce Lokanga Milandu	Health Disparities
P563	Demographic Differences in Suicide Mortality, Attempts, and Ideation Among Publicly Insured, Privately Insured, and Health System Patients in North Carolina, 2006-2020	Grace Yeboah-Kodie	Injuries/Violence
P626	Describing Community-level Healthcare Gaps from Incomplete Claims Data by Emulating the Ideal Observational Study	Taylor McCready	Methods/Statistics
P312	Determinants of total perfluoroalkyl substance (PFAS) body burden among postmenopausal women	Maud Muosieyiri	Environment/Climate Change
P435	Differences in Health Outcomes and Health Factor Domains of the 2020 County Health Rankings Across Urban-Rural-Frontier Counties in the United States	Brody Gibson, BS	Health Disparities
P167	Dimensions of Social and Environmental Vulnerability and Ovarian Cancer Risk and Mortality	Rachel Pomazal	Cancer
P434	Disparities in mean years of potential life lost from all-cause mortality by health insurance, mental health, and health behaviors in the US, 1997-2019	David Adzrago	Health Disparities
P1023	Disparities in Prenatal Depression Treatment Engagement by Nativity, Race, and Ethnicity	Kendria Kelly-Taylor	Women's Health
P690	Does weight stigma contribute to the relationship between body weight and health?: A systematic review protocol	Ellen McGarity-Shiplee	Nutrition/Obesity
P309	Drinking water contaminants and risk of lymphohematopoietic malignancies in the Iowa Women's Health Study	Rena R. Jones	Environment/Climate Change
P608	Dual use of cigarettes and e-cigarettes among young adults in the United States: associations with mental distress, race and ethnicity, and healthcare access	Fahima Nasrin Eva	Mental Health
P328	Dust Storms, Air Pollution, and Non-Communicable Disease Burden in Uzbekistan	Sergey Soshnikov	Environment/Climate Change
P426	Early-Life Trauma, Minority Stress, and Hypertensive Disorders of Pregnancy: Evidence from a Large Prospective Cohort	Michelle Tam	Health Disparities

P500	Early-season influenza forecasting for the 2025–2026 influenza season and importance of evaluating accuracy	Sarabeth M. Mathis	Infectious Disease
P315	Ecological associations of orofacial, neural tube, and abdominal wall birth defects with per- and polyfluoroalkyl substances in public water systems in the United States	John Kaufman	Environment/Climate Change
P513	Effect of leukotriene-modifying agents on severe influenza illness: Comparative analysis of three analytical approaches	Brittney M. Snyder	Infectious Disease
P211	Effect of Nirmatrelvir-ritonavir During Acute COVID-19 on Long COVID Prevention: A Trial Emulation	Ning Zhang	Causal Inference
P330	Effect of social restriction intensity during the SARS-CoV-2 pandemic on air pollution: A natural experiment	Karen P. Ayala	Environment/Climate Change
P1024	Effect of universal, no-cost contraception coverage on gynecological procedure volume: a population-based interrupted time series analysis	Laura Schummers	Women's Health
P518	Effectiveness of maternal influenza vaccination against influenza-associated emergency department and urgent care encounters among infants aged >6 months – VISION Net	Emily Reeves	Infectious Disease
P1042	Emergency Contraceptive Pills Usage and Its Associated Factors Among Female Tertiary Students in Ghana	Michael Fosu Ofori	Women's Health
P577	Estimating causal effects of screen time and social media use on adolescent wellbeing: an instrumental variable analysis across 54 countries	Yi Yang	Mental Health
P675	Estimating early-onset dementia population attributable fractions in the U.S. population using a counterfactual approach	Katherine Giorgio	Neurology
P32	Estimating the causal effect of hearing impairment on risk of dementia over 18 years in US older adults: A target trial emulation	Yixun Ke	Aging
P201	Estimating the Causal Effects of Adolescent Health Behaviors on Future Cardiovascular Risk	Prince Addo	Cardiovascular
P779	Ethnic Enclaves and Gestational Diabetes Risk Across Asian American Ethnic Groups: A Population-Based Study	Clara Voong	Perinatal & Pediatric
P55	Evaluating individual socioeconomic status as a mediator for the effect of residential segregation and late-life cognition	Yi Lor	Aging
P159	Evaluating the Effect of Continued FIT Screening: A Target Trial Emulation Using the Clone–Censor–Weight Method	Buket Öztürk Esen	Cancer
P68	Evaluating time-varying pain status and memory: Evidence from the Health and Retirement Study	Yulin Yang	Aging
P511	Evaluating Wastewater Surveillance for COVID-19, RSV, and Influenza in Arizona: Correlation with Reported and Syndromic Cases, 2020–2025	Patrick Montine	Infectious Disease
P891	Examining associations between place of birth and unmet healthcare needs among Ontario residents: An analysis of the 2023 Canadian Community Flourishing Survey	Adrian Foster	Social
P101	Examining Life Satisfaction as a Moderator of Housing Cost Burden Effects on Cigarette Smoking: A 2023 NHIS Analysis	Bhumika Desai	Behavior
P906	Examining Resilience Factors, Discrimination, and Comorbidity Severity Among Older Adults in the United States	Isabella Tullio	Social
P776	Examining Sleep Problems as a Mediator Linking Prenatal Phthalate Exposure to Executive Function in Middle Childhood	Joana Amankwa	Perinatal & Pediatric
P63	Examining the Joint Effects of Positive Spousal Social Support and Closeness on Dementia Risk using Causal Survival Analysis	Nicola Churchill	Aging
P805	Externally-derived algorithms to impute missing data may be biased even under MCAR	Paul N Zivich	Pharmacoepidemiology
P770	Fetal and infant death among mothers with intellectual and developmental disabilities in California, 2007–2021.	Catherine Psaras	Perinatal & Pediatric
P2029	Finding Barriers to Breast and Cervical Cancer Screening Adherence among low resourced population in Eastern Virginia: Prevention Matters	Prachi P Chavan	Women's Health
P918	Food Insecurity and Health Outcomes Among College Students: A Cross-Sectional Study in a Health Professions Population	Zheng Li	Social
P3	Food insecurity patterns in early adulthood to midlife and cognition: a sequence analysis approach	Lucia Pacca	Aging
P15	Gendered Pathways of Pleasure, Satisfaction, and Health: A Longitudinal Study of Older U.S. Adults from 2005 to 2023	Caitlin	Aging
P170	Geographic and Racial Variation in Prostate Cancer Incidence and Mortality: A Comparative Analysis of the U.S., New York State, and the Bronx	Daleep Grewal	Cancer
P401	Guideline-Concordance Along the Cancer Care Continuum and Breast Cancer Mortality by Race and Ethnicity: a SEER-Medicare Study	Emma L Herbach	Health Disparities
P477	Hazardous Alcohol Use, Sexual Behavior, and HIV Incidence across 11 Eastern and Southern African Countries	Dominique M. Reed	HIV / STI
P276	Hemoglobin A1c Trajectories from Young Adulthood to Midlife and Cognitive Performance: Evidence from the National Longitudinal Study of Adolescent to Adult Health	Youngjoon Bae	Diabetes
P860	Heterogeneity in World Trade Center-related cough: a 24-year sequence analysis approach	Alexandra Mueller	Respiratory
P136	Hispanic and Asian American/Pacific Islander ethnic enclave, neighborhood socioeconomic status, and renal cell carcinoma incidence in California	Zhengyi Deng	Cancer
P703	Household Income and Early Adiposity Rebound: Evidence from a Propensity Score–Matched Longitudinal Cohort	Jessie Ko	Nutrition/Obesity
P335	Housing Type Modifies the Association Between Ambient Temperature and Indoor Cardiac Arrest in a Large Japanese City	Akihiko Narisada	Environment/Climate Change
P2	Immune Aging Biomarkers of Immune Cell Composition and Their Association with Cognitive and Physical Aging Beyond Inflammation Markers: A Longitudinal Analysis in the	Mingyin Wang	Aging
P313	Impact of extreme heat on mortality in a medically vulnerable population of kidney transplant recipients: a national cohort study	Ting Lu, MS	Environment/Climate Change
P53	Impact of Hearing Interventions on Dementia Risk and Cognitive Decline in Older Adults with Hearing Loss	Rhea Dcunha	Aging
P493	Impacts of the COVID-19 pandemic on HIV care among Medicaid beneficiaries, 2016–2021	Jacqueline Rudolph	HIV / STI
P605	Incident depression and credit scores in U.S. adults, 2023–2025	Catherine K Ettman	Mental Health
P503	Incorporating Behavior Change into Estimates of Transmission Parameters and Intervention Impact in Acute Infections	Kayoko Shioda	Infectious Disease
P478	Increasing PrEP Access: Potential Pharmacy Integration in the Southeastern US	Siena Senn	HIV / STI
P765	Individualized Growth Assessment Compared to Conventional Growth Charts for Detecting Growth-Related Morbidity	Sarah Thornburgh	Perinatal & Pediatric
P995	Innovating during crisis: A virtual public health detailing campaign on cocaine use amid the COVID-19 pandemic in New York City	Jessica A. Kattan	Substance Use
P260	Introducing the Public Access Tabulated Health Statistics (PATHS) system: a modular data management system for curating, archiving, and disseminating public-use health da	Justin Amarin	Data infrastructure
P376	Investigating the relationship between long-term, stable partnership and pregnancy outcomes among women in the Mombasa Reproductive and Perinatal Health Study	Hanna Shephard	Global Health
P437	Is Early Childhood Education Quality Associated with Risk of Diabetes Mortality in a Racially Diverse Cohort of Autoworkers?	Jess Arbuckle	Health Disparities
P1	Kidney Function and Cognitive Performance in Early Midlife: Findings from the National Longitudinal Study of Adolescent to Adult Health	Aanya Bahl	Aging
P253	Latent Class and K-modes Analyses of Comorbidities of COVID-19 Patients According to CO-RADS Classification	Ayse Ulgen	COVID-19 Pandemic
P538	Leveraging wastewater-based epidemiology to assess the prevalence, antibiogram and infection risks of Listeria monocytogenes in wastewater effluents in South Africa: A cri	Chidozie Declan	Infectious Disease
P894	Library Use and Functional Disability, Dementia, and Mortality Among Older Adults in Japan: An Instrumental Variable Analysis	Qiuyi Liu	Social
P752	Linking Intervention Effectiveness in Reducing Exposure to Household Air Pollution and Adverse Health Outcomes: An Instrumental Variable Analysis in the Household Air Pol	Mohamed Alhassan	Perinatal & Pediatric
P271	Long-Term Renal Consequences of Fetal Exposure to Maternal Diabetes – Results from the TEAM Study	Shelley Ehrlich	Diabetes
P250	Long-term, All-Cause Mortality Following COVID-19 among Older U.S. Adults With and Without a Bivalent or 2023–2024 COVID-19 Vaccine Dose	Nicole D. Ford	COVID-19 Pandemic

P418	Macroeconomic Context Shapes Individual-Level Income Volatility Effects on Hypertension: A Cohort Comparison	Mehrnaz Siavoshi	Health Disparities
P33	Mapping Thirty-Year Pain Trajectories in Later Life: Sequence Analysis of U.S. Middle-aged and Older Adults in the Health and Retirement Study	Muxi Zheng	Aging
P648	Marginal Structural Bayesian Relevant Life-course Model: A Novel Approach to Evaluate Life-course Hypotheses in the Presence of Time-varying Confounding	Yinxian Chen	Methods/Statistics
P1043	Maternal and Neonatal Outcomes by Birth Setting: Planned Home Births vs. Hospital Births	Carissa Rodriguez	Women's Health
P707	Maternal Dietary Intakes and Gastroschisis in Offspring	Julie M. Petersen	Nutrition/Obesity
P841	Menstrual and reproductive outcomes in women whose mothers were exposed in utero to diethylstilbestrol (DES): An updated report from the National Cancer Institute (NCI)	Stephanie Ho	Reproductive
P587	Mental Health And Neighborhood Deprivation, Results From A Spatial Distribution Analysis (2012-2014) In Southeast Louisiana	Kristyne D Mansilla Dubon	Mental Health
P584	Mental health and treatment utilization among adults experiencing homelessness in California	Anna Krasnova	Mental Health
P479	Mental health disorders and all-cause hospitalizations among people with HIV before and during the COVID-19 pandemic in the US	Xianming Zhu	HIV / STI
P1031	Metabolomic markers associated with antenatal depression	Priscilla Kay Clayton	Women's Health
P999	Mobile Health Interventions for Cessation and Reduction Among Adults who use both Cigarettes and E-Cigarettes: A Scoping Review	Olatokunbo Osibogun	Substance Use
P42	Mobile Phlebotomy to Enhance Diversity in Alzheimer's Disease Biomarker Research: The California Blood Biomarker Study	Yodit Goshu	Aging
P377	Modal Age at Death and Lifespan Variation at Shared Life Expectancy Levels in the East Asian Countries: A Decomposition Analysis Using Global Burden of Disease 2023 data	Ikhan Kim	Global Health
P559	Model-based data dashboard for estimating mild traumatic brain injury and musculoskeletal injury risk in United States service members	Alexander Ivan B. Posis	Injuries/Violence
P344	Modification of extreme temperature effects in mortality by individual-level education in Latin American cities	Diana Higuera-Mendieta	Environment/Climate Change
P907	Multilevel Resilience Factors, Discrimination, and Physical and Mental Health Among Older Adults.	Aditya Chandel	Social
P814	National Trends and Correlates of National Trends in Psychoactive Prescription Medication Misuse, 2021–2023	Oluwapelumi Odunbunmi	Pharmacoepidemiology
P421	Nativity-Based Disparities in Postpartum Mental Health Diagnoses in a Hospital-Based Birth Cohort	Shashi Sarnaik	Health Disparities
P802	Neighborhood Socioeconomic deprivation and Opioid Prescribing Trends Among Medicare Part D Clinicians: A Five-Year Longitudinal Analysis (2019–2023)	Ashel Chelsea Dsouza	Pharmacoepidemiology
P509	Norovirus Outbreak Associated with a Restaurant Exposure and Secondary Transmission at Atlantic Coast Conference (ACC) Field Hockey Louisville Kentucky 2025	Jordan Adams	Infectious Disease
P969	Not all legalization is equal: exploring how recreational cannabis regulatory approaches shape cannabis use and risk perceptions in US states and DC	Ariadne Rivera-Aguirre	Substance Use
P210	Novel g-computation algorithm for time-varying actions with recurrent and semi-competing events	Alena Sorensen D'Alessio	Causal Inference
P733	Occupational low-dose medical radiation exposure and risk of Parkinson's disease mortality in the U.S. Radiologic Technologists Study	Isabelle van der Velpen	Occupational
P984	Opioid-Stimulant Co-Use and Treatment Decisions: Evidence from 2023 U.S. First-Time Substance Use Treatment Admissions	Patricio Tyrell	Substance Use
P631	OptimalCutoff: an interactive web-based platform for ROC-based cutoff selection in epidemiological research	Janos Tibor Fekete	Methods/Statistics
P147	Oral contraceptive use and the expression of stromal markers in benign breast tissue	Maisey Ratcliffe	Cancer
P143	Patient-Reported Equity Experiences, Care Setting, and Timely Mammography in an Urban Hospital in Central Brooklyn	Moyouri Bhattacharjee	Cancer
P482	Patterns of Mortality by Cause among People with HIV in the United States from 2009-2016	Onumaraekwu Opara	HIV / STI
P274	Perceived Neighborhood Environment and HbA1c Levels in Older Adults: Changes Over Time by Self-reported Diabetes Status	Hyungkyung Kim	Diabetes
P8	PM2.5 Metal Components and Cognitive Decline in the Adult Changes in Thought Study	Ting Zhang	Aging
P163	Population differences in the association between lactate dehydrogenase and survival outcomes in multiple myeloma	Malaika Jade Mason	Cancer
P610	Predictors of hair cortisol concentrations in a North American preconception cohort study	Lauren Wise	Mental Health
P744	Prenatal Lead Exposure and Intelligence Across Developmental Stages: A Systematic Review and Meta-analysis	Victor Florez-Garcia	Perinatal & Pediatric
P589	Protecting Under the Hard Hat: An anonymous web-based screening tool for the construction workforce	Roni Barak Ventura	Mental Health
P660	Proteomic Mediation of Systemic Autoimmune Rheumatic Diseases-Associated Interstitial Lung Disease	George Lee	Molecular
P656	Proximal causal inference with binary proxies for continuous unmeasured confounders: robustness under violated completeness assumptions	Zoey Song	Methods/Statistics
P807	Psychiatric Co-prescribing and Prescribing Characteristics of Older Adults Initiated on Sertraline, Citalopram, or Mirtazapine in Clinical Practice Research Datalink Aurum: Desc	Aaron Jun Yi Yap	Pharmacoepidemiology
P639	Quantifying the impact of temporal variability in contact patterns on RSV transmissibility and intervention effectiveness: A SickMix modeling study	Kayoko Shioda	Methods/Statistics
P647	Quasi-U-shaped Generalized Additive Model	Wenhui Zhu	Methods/Statistics
P769	Racial and Rural Disparities in Hybrid Prenatal and Postpartum Care Use During the COVID-19 Pandemic	Taylor Lange	Perinatal & Pediatric
P751	Racial disparities in cesarean delivery at a rural-serving hospital in a state with limited access to obstetric services	Andrew Williams	Perinatal & Pediatric
P195	Racial Heterogeneity in the Mediated Effect of Young-Adulthood Insulin Resistance (IR) on Later-Life Atherosclerotic Cardiovascular Disease (ASCVD) Through Midlife Metabo	Chuyue Wu	Cardiovascular
P975	Recovery Capital Outcomes Associated with an Access to Recovery Program	Terry Bunn	Substance Use
P364	Reverse Mendelian Randomization of Alzheimer's Disease Genetic Risk Score and Sensory impairments	Minhyuk Choi	Genetics
P955	Revisiting Methods to Addressing Selection Bias in the Presence of Missing Data: A Simulation Study	Mina Habib	Study Design
P964	Revisiting the Protective Association of Moderate Alcohol Use: A Positive Control Analysis	Anna Shchetinina	Substance Use
P581	Risk factors of Trajectories of Depression in Adults over 65 years old	Sujeong Han	Mental Health
P1021	SARS-CoV-2 Infection and Asthma Exacerbations Among Pregnant Women with Asthma in South Carolina, 2020-2021	Aisha	Women's Health
P438	Scaling the health system inequity metric to identify and address healthcare inequities	Joanna Dos Santos	Health Disparities
P654	Selection bias due to selective survival before study enrollment on the association between relative age and suicide	Yoshikazu Komura	Methods/Statistics
P693	Self-reported flossing frequency and odds of untreated interproximal coronal caries in US adults: evidence from NHANES 2015–2018	Edmond Appiah	Nutrition/Obesity
P48	Self-reported wealth is associated with epigenetic aging in the Midlife in the United States (MIDUS) Study	Koichi Sakakibara	Aging
P184	Serum Perfluoroalkyl Substances and Hypertension Risk in U.S. Adults	Felix Opoku	Cardiovascular
P246	Sex differences in COVID-19 infection and mortality in Hong Kong	Hoi Ting (Alexandra) Law	COVID-19 Pandemic
P65	Sex Differences in Dementia Prevalence in China and Taiwan: A Comparative Decomposition Analysis	Yan-Jhu Su	Aging

P679	Sleep Disturbance and Dementia Onset: A Cohort Study in Elderly Hispanics in the Sacramento area	Miguel Cuevas	Neurology
P609	Sleep Quality and Psychological Resilience Across Borders: Evidence from the WELL US and China Cohorts	Eunhye Lee	Mental Health
P255	Smoking and time to SARS-CoV-2 Reinfection: an analysis of reinfection-free time in a prospective cohort study	Keith Gray	COVID-19 Pandemic
P901	Social Isolation and Mortality in the UK Biobank: The Modifying Role of Transportation Mode	Hiroshi Mamiya	Social
P240	Social support and resilience among individuals with long COVID: Findings from a cross-sectional survey within the Arizona CoVHORT longitudinal cohort study	Chidera Ejike	COVID-19 Pandemic
P24	Social vulnerability and incidence of all-cause dementia and Alzheimer's disease in the United States	Laura Arboleda Merino	Aging
P47	Sociodemographic Predictors of Poor Vision Among Older Adults: Evidence from the Health and Retirement Study	Muxi Zheng	Aging
P741	Socioeconomic and prenatal care disparities in severe maternal morbidity by transfusion status	Jin Young Nam	Perinatal & Pediatric
P594	Spatial clustering of ninth-grade female depression in California: structural determinants and rural context	Daekara Smith-Ireland	Mental Health
P930	Spatial Distribution of Digestive Disease Diagnoses in Texas Using Outpatient Public Use Data	Jasmine Carey	Spatial Epidemiology
P954	Strategies to Avoid Immortal Time when Emulating Sequential Trial Designs Using Observational Data	Michael Webster-Clark	Study Design
P35	Subjective cognitive decline reflects brain pathology independent of depressive symptoms	Nancy Chen	Aging
P194	Sugar-Sweetened Beverage Use Disorder and Dynamic Interrelationships Among Cardio-Renal-Metabolic Risk Markers in Adolescents	Sharon Tsai	Cardiovascular
P571	The Association Between Body Shape Index and Depression among Young Adults Aged 18-30 Years in the USA	Tinsae Abeya Geleta	Mental Health
P735	The association between Shift Work and Mental Health Outcomes Among Korean Nurses	Soojeong shim	Occupational
P324	The Associations between the Child Opportunity Index and Pediatric Asthma Exacerbations (2013-2021)	Sneha Kannothe	Environment/Climate Change
P148	The Burden of Cancer Among Middle Eastern and North African (MENA) Populations in the US: A Systematic Review	Madison Willard	Cancer
P940	The direct and indirect association between residential Latinx-White segregation and depressive symptoms through neighborhood features in the Multi-Ethnic Study of Ather	Sarah Valentina Diaz	Structural
P542	The effect of wildfire smoke exposure on tuberculosis diagnoses in Brazil: a case-crossover analysis	Lauren Linde	Infectious Disease
P1011	The effectiveness of healthy lifestyle training in migrant domestic helpers in Hong Kong: a quasi-experimental study	Jie V Zhao	Translational & Implementation Science
P982	The health impacts of displacement: modelling community spread of overdose following homeless encampment sweeps	Kumi Smith	Substance Use
P862	The impact of early childhood growth trajectories on the subsequent risk of developing tuberculosis disease	Alick Sixpence	Respiratory
P457	The Impact of the Universal Child Care Benefit on Acute Mental Health Service Use Among Parents: A Controlled Interrupted Time Series Study	Jasleen Arneja	Health Services/Policy
P390	The Price of Delay: Interactions Between Addiction, Depression, and Inequality	Youngseo Cheon	Health Disparities
P416	The Timing of Financial Instability Matters: Midlife Income Variability and Hypertension Risk in a National Cohort	Mehrnaz Siavoshi	Health Disparities
P521	Trust in health system for COVID-19 vaccine information among unvaccinated US adults: Association between trust in other entities and trust in healthcare providers	Victor Puac-Polanco	Infectious Disease
P290	Unique diagnosis days as a proxy for healthcare visits in electronic health record data	Maxwell Salvatore	EHR
P270	Uptake of Diabetes Self-Management Education among Diabetic cancer Survivors	Michelle Asiedu-Danso	Diabetes
P871	User Priorities for Vector-Borne Disease Features in a Public Health App	Skyler Finucane	Science Communication & Media
P705	Using signal detection analysis to identify subgroups of midlife women in Mexico City with differing prevalence of metabolic syndrome	Yanxin Zhu	Nutrition/Obesity
P536	VaxImpact: An interactive RShiny App Quantifying the Health and Economic Consequences of Declining Childhood Vaccination Across U.S. States	Mahmud Sheku	Infectious Disease
P282	Violent victimization of older Multiracial adults in California, 2005-2022	Tracy Lam-Hine	Diabetes
P534	What distinguishes those who get lyme disease? a case-control study of knowledge, attitudes, and practices in canada	Danny Szaroz	Infectious Disease
P41	Who Do These Estimates Really Represent? An Application of Pre-Enrollment Inverse Probability Selection Weighting to a Late-Life Aging Cohort	Sirena Gutierrez	Aging
P256	Wildfire-related air pollution and COVID-19 outcomes: a systematic review of population-based studies	Olufunmilayo Arogbokun Knutson	COVID-19 Pandemic
